Full product description

Enjoy fresh sparkling water - the way you like it and where you want it!

Stay hydrated with the SodaStream package. This sleek soda maker features a snap-in bottle system that makes your drinks even faster. The machine turns tap water into sparkling water in seconds and provides a healthy alternative to sugary sodas. The SodaStream sparkling water maker allows you to significantly reduce the average consumption of plastic bottles in your household. The SodaStream Spirit comes with one CO2 cylinder and three bottles so you can instantly make your favorite sodas.

Be ECO!

The SodaStream device is a convenient way to reduce disposable plastic bottles in your home. You will also save space in your home as there is no need to store soda bottles. The SodaStream machine also offers great value for money. **Each cylinder can produce up to 60 litres of sparkling water**, which is a huge saving compared to buying disposable bottles.

Special features

- The device allows you to prepare sparkling water at home
- The device significantly reduces the use of plastic bottles
- Recyclable gas cylinder included
