### Full product description

## Enjoy fresh sparkling water - the way you like it and where you want it!

Stay hydrated with the **SodaStream** package . This sleek soda maker features a snap-in bottle system that makes your drinks even faster. The machine turns tap water into sparkling water in seconds and provides a healthy alternative to sugary sodas. The SodaStream Espresso allows you to significantly reduce the average consumption of plastic bottles in your household. The **SodaStream Spirit** comes with one CO2 bottle and three bottles so you can instantly make your favorite sodas.

## Be EKO!

The SodaStream device is a convenient way to reduce disposable plastic bottles in your home. You will also save space in your home as there is no need to store soda bottles. The SodaStream machine also offers great value for money. **Each cylinder can produce up to 60 litres of sparkling water**, which is a huge saving compared to buying disposable bottles.

## Special features

- Espresso allows you to prepare carbonated water at home.
- The device significantly reduces the use of plastic bottles
- The set includes a recyclable gas bottle.
- Three reusable bottles. (2x 1L, 1x 0.5L)
