Price: **45.01 zł** gross / 36.59 zł net

Manufacturer: EXTRALINK

Referention number: DNXGKIJQDRMMHM

Information:

Compact 2-in-1 keyring with a built-in 22 cm USB-C to USB-C cable is a practical solution for charging and carrying on keys, a bag or a backpack. It supports Power Delivery up to 240 W (48 V/5 A), making it suitable for charging laptops, tablets, smartphones and handheld consoles with a USB-C port. The built-in E-Marker chip supports correct matching of power parameters, while the nylon braid and metal elements increase durability and resistance to everyday use.

Full product description

Compact 2-in-1 solution

A keyring with a built-in USB-C cable is a practical combination of a pendant and a charging lead. Its compact form allows it to be attached to keys, a bag or a backpack, so the cable can be kept close at hand during travel, work and everyday activities.

Chip E-Marker Obsługuje bezpieczne szybkie ładowanie

Automatycznie wykrywa urządzenia z szybkim ładowaniem
oraz odpowiednio kontroluje natężenie i napięcie

Charging at 240 W

The cable supports the Power Delivery standard and up to 240 W at 48 V/5 A. It enables charging of compatible laptops, tablets, smartphones, portable consoles and other devices requiring power via a USB-C port.

240W

Szybkie ładowanie

Universal USB-C connectors

USB-C connectors at both ends of the cable allow one accessory to be used with many types of devices. The cable is compatible with equipment fitted with a USB-C port, including laptops, phones, tablets and portable consoles.

PD240W

Brelok + kabel do szybkiego ładowania 2w1

Łatwy do przenoszenia, może być używany
jako zawieszka

...

Built-in E-Marker chip

The E-Marker chip provides connected devices with information about the cable's capabilities. It supports the correct determination of power parameters within the Power Delivery standard, which is important when charging high-power equipment.

Szybkie ładowanie 240W

Obsługa ładowania dużą mocą 48V/5A, 240W

Reinforced construction

The nylon braid helps protect the cable during frequent bending and carrying. Metal finishing elements and a stable keyring attachment increase the structure's resistance to the loads encountered during everyday use.

Wszechstronna kompatybilność

Kompatybilny ze złączem USB-C do
laptopów / tabletów / telefonów komórkowych
i innych urządzeń

Contents of the set

The set includes a keyring with a black USB-C to USB-C cable measuring 22 cm, supporting Power Delivery up to 240 W. The 2-in-1 design reduces the need to carry an extra cable, and the pendant form makes it easy to store and transport.
