Extralink Smart Projector Cinema

Advanced Smart system with Android 13

The device runs on **Android 13**, which opens up access to streaming apps, multimedia and games. A fast quad-core processor and **2.4G/5G Wi-Fi** ensure smooth operation and stable connections. **Bluetooth 5.0** allows communication with speakers, headphones or controllers, expanding the projector's capabilities. This turns the IMS360 into a full-fledged multimedia center. This solution will be especially appreciated by users who expect maximum functionality without additional devices.

Autofocus and automatic image correction

The projector is equipped with **autofocus** and **automatic keystone correction**, which significantly simplifies image setup. Simply set up the device and the system will adjust the focus and aspect ratio of the projected image on its own. Additional adjustment available from the remote control allows you to refine the settings according to individual preferences. The projection range of **40 to 150 inches** makes the projector suitable for small and large rooms. It's a convenient solution for those looking for easy operation and speed.

Karaoke mode with two microphones

The IMS360 is distinguished by its built-in **karaoke mode**, making the device the center of musical fun. It comes with **2 microphones**, ideal for duets, family gatherings or parties. Built-in speakers provide clear sound, and the **Bluetooth Speaker** function allows you to use the projector as a wireless speaker. This is a practical solution for anyone who wants to combine a home theater function with musical entertainment capabilities.

Compact design and extensive connectivity

The projector features a compact design, thoughtful design and light weight, making it easy to move between rooms. **HDMI**, **USB** and **AUX 3.5mm** ports increase compatibility with laptops, consoles, USB flash drives or audio sets. The case is designed to be stable and comfortable to use. The IMS360 is for people who want a combination of functionality, mobility and attractive design.
