momcozy

Manufacturer: MOMCOZY

Referention number: DNXXGOMLLRMMOL

Information:

Momcozy AS045 is a 27 mm silicone flange compatible with the Momcozy S12 Pro breast pump, designed for comfortable, effective and hygienic milk expression. The soft, flexible material adapts to the breast, reduces discomfort and irritation, and supports better milk flow. Made from safe, BPA-free silicone, it is easy to clean and sterilise, providing comfort and reliable performance without the need for adapters.

Full product description

Comfortable and precise fit - the key to comfortable lactation

A well-fitted **breast pump flange** is the basis for effective and comfortable milk expression. **Momcozy AS045 27mm** is a compatible part for the **S12 Pro breast pump**, which ensures comfort and efficiency in every pumping session. Made of high-quality silicone, the flange **adapts to the breast, reducing discomfort and improving milk flow**.

Precise fit - 27 mm size

Momcozy AS045 is a flange with a **27 mm diameter**, which ensures a proper fit for the S12 Pro breast pump. The correctly chosen size increases comfort during milk expression and helps avoid irritation, while **optimising the pump's effectiveness**.

High-quality silicone - safe and soft to the touch

The flange is made of **soft, flexible silicone**, which does not irritate the skin and ensures comfort during use. **The material is BPA-free**, which means it is safe for the health of both mother and child. The silicone structure allows for **easy cleaning and sterilisation**, helping to maintain hygiene.

Compatibility with the Momcozy S12 Pro breast pump

The flange has been designed specifically for the **Momcozy S12 Pro breast pump**, which means a secure fit and no need for adapters. It ensures stable placement and effective pump operation, so that **every milk expression session runs smoothly**.
