Manufacturer: MOMCOZY

Referention number: DNxGHJKPHRMMKI

Information:

Momcozy AW01 Cocosway is an electric baby rocker that soothes your child with natural, realistic 3D movements, mimicking a parent's motions. It offers 6 rocking patterns, including M, O and U movements, ideal for naps and playtime. The 180° rotating seat makes it easy to keep a constant eye on your little one, while the 5-point harness and stable metal base ensure safety. Soft velvet finishing, breathable mesh, an adjustable backrest and a removable, washable cover provide comfort for the child and ease of use for parents.

Full product description

Electric rocker - calm toddler, calm day

When your arms need a break and your toddler demands constant rocking - the **Momcozy AW01 Cocosway** comes to the rescue. It's an **electric baby swing** designed to **rock your baby in a way that resembles the natural movements of a parent**. With **realistic 3D movement**, a **soft seat** and quiet operation, this **rocking chair** provides comfort, safety and more moments of peace during the day.

Natural 3D movement - like a parent

A regular rocker moves in one direction. **The Momcozy Cocosway 3D-Motion** offers up to **six realistic movement patterns** that combine side-to-side movements, gentle bouncing and smooth circles. You can choose between M, O, U motions to **match the rocker to your infant's mood** - whether at nap time or during playtime.

Full visibility - seat rotates 180°

Thanks to **the 180° rotating seat**, you can always have **the baby in sight**, without moving the whole structure. This is convenient when, for example, you are cooking, working at the computer or just want to have eye contact with the baby. With just a slight movement, you can **adjust the direction of the swing** to suit the situation.

Safety of use - without compromise

The Momcozy AW01 electric swing is equipped with **5-point safety belts** that stabilize the infant even during more dynamic rocking. **The stable metal base** prevents accidental tipping over. All this makes the device suitable for everyday use from the first days of a baby's life.

Comfort and ease of care - for baby and parent

The rocking chair features **soft velour edges and an airy mesh interior** for comfort even during longer naps. The **adjustable backrest (15-28°)** allows you to adjust the seat to suit your little one's needs. **The cover is easily removable and machine washable**, which is practical for everyday use.
