momcozy

Manufacturer: MOMCOZY

Referention number: DNXGJOIQMRMNIH

Information:

Momcozy M20SSCJ01 Baby Wrap Carrier is an ergonomic, black wrap carrier for babies from approx. 3.2 to 16 kg, providing closeness, comfort and freedom of movement for the parent. The soft, breathable polyester and spandex fabric fits the body well, while the physiological M position supports proper hip development and the baby's natural spinal alignment. Adjustment in the XXS-XXL range means the carrier suits different body shapes, and the simple fastening system without complicated tying makes everyday use easier. The wide straps reduce strain on the caregiver's back and shoulders, and the ability to machine wash increases convenience.

Full product description

Momcozy M20SSCJ01 Baby Wrap Carrier Black – Ergonomic baby carrier

Momcozy M20SSCJ01 Baby Wrap Carrier Black is a functional wrap and carrier designed to provide closeness and comfort for both baby and caregiver from the first weeks of life. This thoughtfully designed **wrap carrier** makes everyday life easier, allowing you to carry your little one securely while keeping your hands free. The product is a helpful accessory that supports bonding, and its construction recreates the safe environment familiar to the baby from the prenatal period. As a result, the **infant** settles much faster, making it easier to carry out everyday household tasks.

Breathable premium fabric - Material composition and structure

The key feature that distinguishes this **wrap** is its specialist material structure. The **fabric** consists of 95% polyester and 5% **spandex**. This combination of materials gives the fabric optimal elasticity while maintaining the right vertical stiffness, which guarantees **stable support** for the body. The black material is practical, gentle on delicate skin and provides efficient air circulation, reducing the risk of overheating. The appropriate stretch makes it easier to wrap the body precisely, ensuring that **Momcozy carriers** retain their original technical properties for a long time.

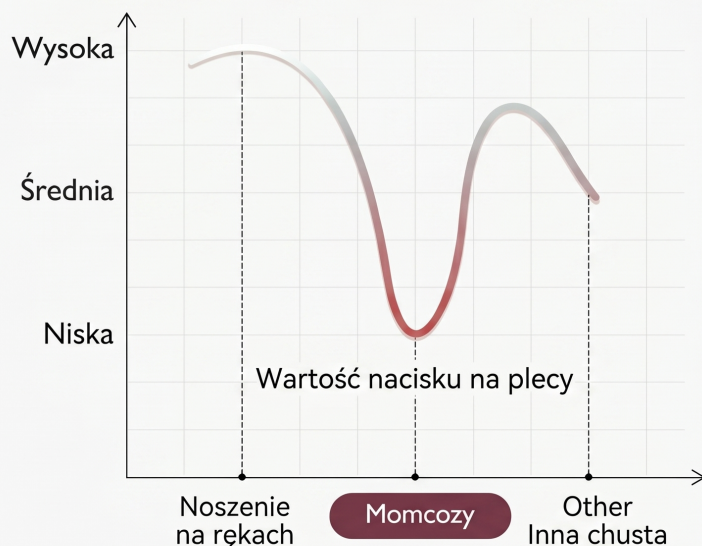

Rodzicielstwo z Wolnymi Rękami

Hip development and ergonomic position - Healthy baby spine

The design of the **Momcozy Baby Wrap Carrier** (Momcozy wrap carrier) enforces the physiological frog position, known as the M position. This arrangement supports proper **hip development** and pelvic bones in children aged 0 to 1 year. The wrap helps maintain the little one's **natural spinal curvature**, adapting to the arch of the back without exerting harmful pressure on the vertebrae. The proper distribution of the material helps spread the centre of gravity evenly, which secures the stability of the **baby's spine** and reduces the load on the lumbar region for the wearer.

Universal size adjustment system - From XXS to XXL

The product design is equipped with a helpful adjustment system based on integrated side rings. This solution allows for smooth management of the circumference range, so the model covers a wide range of sizes from **XXS** to **XXL**. This makes the wrap compatible with different body shapes, allowing both mother and father to use the carrier with ease. Proper implementation of the **fit** system means that the same model accommodates newborns weighing from 7 lbs (approximately 3.2 kg) and growing children up to a weight of 35 lbs (approximately 16 kg).

Easy donning in the Easy standard - Support for active parents

Putting on the described **Momcozy** model is simplified in the **Easy** standard, similar to putting on a traditional T-shirt. This system means there is no need to perform complicated and time-consuming wrap tying from scratch. The parent can independently and safely **put on** the structure using one hand, which makes solo use easier. The included clear **instructions** precisely describe the assembly steps. In addition, the wide straps can serve as a privacy cover, allowing discreet breastfeeding without having to completely remove the **infant** from the stabiliser.

Technical data

Parameter	Value
Product name	Momcozy M20SSCJ01 Baby Wrap Carrier Black
Material composition	95% Polyester, 5% Spandex
Colour	Black (Black)
Size adjustment range	From XXS to XXL (ring adjustment system)

Key benefits

- The ring wrap design eliminates the need for manual tying and fits body shapes from XXS to XXL.
- The elastic fabric with added spandex guarantees **stable support** for the spine and adapts to the child's body.
- Wide shoulder straps distribute the centre of gravity evenly, relieving the caregiver's neck and lumbar region.
- The physiological leg position profile supports the proper shape of the pelvic bones and healthy development of the hip joints.
- Machine washability makes it easy to remove everyday dirt and maintain sterility.

The product is ideal for

- Parents looking for a stable wrap carrier that is simple and quick to put on without assistance from others.
- Caregivers of different builds who want to share one accessory thanks to adjustment in the XXS-XXL range.
- People putting together a newborn layette or looking for a useful gift for a baby shower.
- Mothers needing a mobile solution that makes discreet feeding in public easier.
