Information:

Momcozy M20SSCJ01 Baby Wrap Carrier Dark Brown is an ergonomic baby wrap carrier for infants from approx. 3.2 to 16 kg, providing closeness, comfort and convenience for both the child and the parent. The elastic, breathable fabric with added Spandex fits the body well, supports the baby securely and promotes a healthy M position as well as proper hip and spine development. Adjustment from XXS to XXL means it suits different body shapes, while the easy-to-put-on design without complicated tying allows the carrier to be used quickly and independently. Wide straps relieve pressure on the back and shoulders, and the compact, lightweight design makes it easy to carry, store and wash.

Full product description

Momcozy M20SSCJ01 Baby Wrap Carrier Dark Brown - Ergonomic baby carrier

Momcozy M20SSCJ01 Baby Wrap Carrier Dark Brown is a functional wrap and carrier designed to provide closeness and comfort for both baby and carer from the first weeks of life. This thoughtfully designed **wrap carrier** makes everyday life easier, allowing you to carry your little one securely while keeping your hands free. The product is a helpful accessory that supports bonding, and its design recreates the safe environment familiar to the baby from the prenatal period. As a result, the **infant** settles much faster, making everyday household tasks easier to carry out.

Breathable premium fabric - Material composition and structure

The key feature of this **wrap** is its specialised material structure. The **fabric** is made of 95% polyester and 5% **Spandex**. This combination of materials gives the fabric optimal elasticity while maintaining the right vertical rigidity, which guarantees **stable support** for the body. The dark brown material is practical, gentle on delicate skin and provides efficient air circulation, reducing the risk of overheating. The appropriate stretch makes it easy to wrap the body precisely, ensuring that **Momcozy carriers** retain their original technical properties for a long time.

Hip development and ergonomic position - A healthy spine for the baby

The design of the **Momcozy Baby Wrap Carrier** (Momcozy wrap carrier) encourages the physiological frog position, known as the M position. This arrangement supports proper **hip development** and pelvic bones in children aged 0 to 1 year. The wrap helps maintain the **natural curvature of the baby's spine**, adapting to the arch of the back without putting harmful pressure on the vertebrae. The correct distribution of the material helps spread the centre of gravity evenly, which secures the stability of the **child's spine** and reduces strain on the lower back of the wearer.

Universal size adjustment system - From XXS to XXL

The product design is equipped with a helpful adjustment system based on integrated side rings. This solution allows for smooth management of the circumference range, so the model covers a wide range of sizes from **XXS** to **XXL**. This makes the wrap compatible with different body shapes, allowing both mother and father to use the carrier with ease. Correct implementation of the **fit** system means that the same model can carry newborns weighing from 7 lbs (approximately 3.2 kg) and growing children up to a weight of 35 lbs (approximately 16 kg).

INNE

Easy putting on - Support for active parents

Putting on the described **Momcozy** model is simplified in the **Easy** standard, similar to putting on a traditional T-shirt. This system means there is no need to make complicated and time-consuming wrap ties from scratch. The parent can **put on** the structure safely and independently using one hand, which makes solo use easier. The included clear **instructions** precisely describe the assembly steps. In addition, the wide straps can serve as a privacy cover, allowing discreet breastfeeding without the need to completely remove the **infant** from the stabiliser.

Practical design and mobility - Travel-friendly construction

The **Momcozy M20SSCJ01** model is characterised by low weight and compact folded dimensions, making it a helpful solution for parents with an active lifestyle. Unlike bulky framed carriers, the **dark brown wrap carrier** fits easily into a changing bag or the basket under a pushchair, always being close at hand in situations requiring a quick response to a baby's needs. The material is crease-resistant and easy to dry, which, together with the included storage pouch, ensures hygienic transport and readiness for use in varied conditions - from a walk in the park to everyday errands away from home.
