Manufacturer: MOMCOZY

Referention number: DNXGJOIRDRMMKO

Information:

Momcozy M20SSCJ01 Baby Wrap Carrier in dark grey is an ergonomic, breathable sling carrier for babies from approx. 3.2 kg to 16 kg. It provides closeness, comfort and stable support, promoting the natural M position and the proper development of the baby's hips and spine. The elastic fabric with added spandex adapts well to the body, while the wide straps distribute weight evenly, reducing strain on the carer. Adjustment from XXS to XXL means the carrier fits different body shapes, and the simple fastening system without complicated tying makes everyday use easier. The lightweight, compact design, machine-washable fabric and practical storage make it an ideal choice for active parents.

Full product description

Momcozy M20SSCJ01 Baby Wrap Carrier Dark Grey - Ergonomic baby carrier

Momcozy M20SSCJ01 Baby Wrap Carrier Dark Grey is a functional wrap and carrier designed to provide closeness and comfort for both baby and carer from the first weeks of life. This thoughtfully designed **wrap carrier** makes everyday life easier, allowing you to carry your little one securely while keeping your hands free. The product is a helpful accessory that supports bonding, and its construction recreates the safe environment familiar to the baby from the prenatal period. As a result, the **infant** settles much more quickly, making everyday household tasks easier to manage.

Idealne dopasowanie dla mam i tatów

Regulowany rozmiar uniwersalny

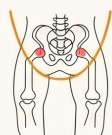

Od drobnej do puszystej sylwetki XXS-XXL

Breathable premium fabric - Material composition and structure

The key feature that distinguishes this **wrap** is its specialist material structure. The **fabric** is made of 95% polyester and 5% **spandex**. This combination of materials gives the fabric optimal elasticity while maintaining the right vertical rigidity, which guarantees **stable support** for the body. The dark grey material is practical, gentle on delicate skin and provides efficient air circulation, reducing the risk of overheating. The appropriate stretch makes it easy to wrap the body precisely, ensuring that **Momcozy carriers** retain their original technical properties for a long time.

Hip development and ergonomic position - Healthy baby spine

The design of the **Momcozy Baby Wrap Carrier** forces a physiological frog position, known as the M position. This arrangement supports proper **hip development** and pelvic bones in children aged 0 to 1 year. The wrap helps maintain the little one's **natural spinal curvature**, adapting to the arch of the back without placing harmful pressure on the vertebrae. The proper distribution of the material helps spread the centre of gravity evenly, which secures the stability of the **baby's spine** and reduces strain on the wearer's lumbar region.

Universal size adjustment system - From XXS to XXL

The product design is equipped with a helpful adjustment system based on integrated side rings. This solution allows for smooth management of the circumference range, meaning the model covers a wide range of sizes from **XXS** to **XXL**. This makes the wrap compatible with different body shapes, allowing both mother and father to use the carrier with ease. Proper implementation of the **fit** system means that the same model supports newborns weighing from 7 lbs (around 3.2 kg) and growing children up to a weight of 35 lbs (around 16 kg).

OTHER

Easy to put on in the Easy standard - Support for active parents

Putting on the described **Momcozy** model is simplified in the **Easy** standard, similar to putting on a traditional T-shirt. This system means there is no need to perform complicated and time-consuming wrap tying from scratch. A parent can **put on** the structure safely with one hand, which makes solo use easier. The included clear **instructions** precisely describe the assembly steps. In addition, the wide straps can serve as a privacy cover, allowing discreet breastfeeding without having to completely remove the **infant** from the stabiliser.

Kroki zakładania

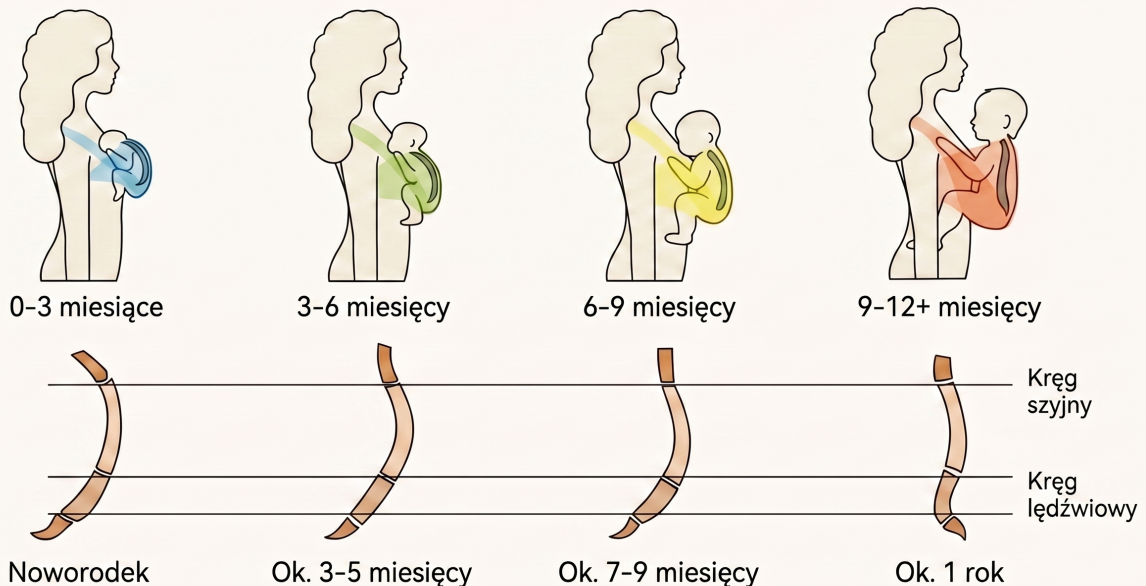

Practical design and mobility - Travel-friendly construction

The **Momcozy M20SSCJ01** model is characterised by its low weight and compact folded size, making it a helpful solution for parents with an active lifestyle. Unlike bulky framed carriers, the **dark grey wrap carrier** fits easily into a changing bag or the basket under a pushchair, always being close at hand in situations requiring a quick response to a little one's needs. The material is crease-resistant and easy to dry, which, together with the included storage pouch, ensures hygienic transport and readiness for use in varied conditions – from a walk in the park to everyday errands away from home.

Care	Machine washable

Key benefits

- The ring wrap design eliminates the need for manual tying and fits body shapes from XXS to XXL.
- The elastic fabric with added spandex guarantees **stable support** for the spine and adapts to the baby's body.
- Wide shoulder straps distribute the centre of gravity evenly, relieving the carer's neck and lumbar region.
- The physiological leg position profile supports the proper shape of the pelvic bones and healthy development of the hip joints.
- Machine washability makes it easy to remove everyday dirt and maintain sterility.

The product is a proposition for

- Parents looking for a stable wrap carrier that is simple and quick to put on without assistance from others.
- Carers of different builds who want to share one accessory thanks to adjustment in the XXS-XXL range.
- People putting together a newborn layette or looking for a useful gift for a baby shower.
- Mothers needing a mobile solution that makes discreet feeding in public easier.
