Information:

Momcozy BS03 Washing Block are specialist tablets for an automatic bottle washer, created with hygienic and convenient cleaning of baby accessories in mind. They effectively remove milk residue, grease and dried-on dirt from bottles, teats, breast pump parts, non-spill cups and other delicate accessories, without the need for manual scrubbing. The formula is tailored to the Momcozy KleanPal Pro, reduces excessive foaming and rinses out easily, while protecting silicone and plastics from damage. The safe composition helps remove unpleasant odours and supports the baby's daily hygiene. The pack contains 120 tablets in 4 airtight bags of 30 pieces each.

Full product description

Momcozy BS03 Washing Block - Tablets for an automatic bottle washer

Momcozy BS03 Washing Block tablets are a specialist **detergent** designed for the automatic removal of dirt from children's accessories. The product was created with effective cleaning of items used by a **baby** in mind, such as a **bottle**, dummy or breast pump parts. The tablet formula has been developed to support the daily **washing of baby bottles**, eliminating the need for manual scrubbing and making it easier to maintain proper hygiene at home.

KleanPal Pro technology - Effective removal of milk residue

The cleaning agent presented here is fully **compatible** with the **Momcozy KleanPal Pro** device. The tablet's chemical composition has been optimised for the work carried out by this automatic **washer**, which prevents excessive foam from forming and allows the detergent to be rinsed out thoroughly. Each spray **nozzle** in the device distributes water with the dissolved tablet directly into the interior of **Momcozy bottles**, effectively breaking down dried-on proteins and milk fats without risking damage to delicate plastics.

Safety and hygiene for baby accessories

When developing the formula, the priority was the health that every **baby** should maintain. The cleaning ingredients are free from aggressive chemicals, making the product completely safe for children. The tablets ensure that every children's **bottle** and **breast pump** is free from unpleasant odours. Regular use of this product in **Baby Bottle Washer** devices prepares the items for the next stage, namely the **bottle steriliser**, helping to create a complete system for protecting the little one's health.

Efficiency and practical bulk packaging

The **Momcozy** BS03 set is characterised by high efficiency. One bulk pack contains 120 tablets, divided into 4 airtight sachets of 30 pieces each. This division protects the **accessory** from moisture and clumping, guaranteeing consistent cleaning properties for a long time. It is a **practical** choice that means the automatic **bottle washer** can operate regularly, without parents needing to top up detergent supplies frequently.

Versatile use in everyday care

Although the tablets are dedicated to **Bottle Washer** devices by **Momcozy**, their properties allow them to effectively **clean** a wide range of products. They can be used wherever a traditional household **dishwasher** might damage small parts due to excessively high temperatures or an unsuitable programme. This product makes it possible to care precisely for the cleanliness of non-spill cups, children's plates and silicone parts of breast pump sets, carrying out the **4-in-1** task of cleaning, freshening, protecting the material and preparing items for the **steriliser**.

Technical data

Model	BS03 Washing Block
Intended use	Automatic bottle washers for babies
Compatibility	Momcozy KleanPal Pro
Number of tablets in the pack	120 pieces (4 packs of 30 pieces)
Shelf life	2 years from the date of manufacture on the packaging
Application	Bottles, dummies, breast pump parts, plastic toys

Key benefits

- **Tailored formula** – the optimal amount of foam makes thorough rinsing easier in the **Momcozy KleanPal Pro** device.
- **Effective removal of residue** – active substances quickly dissolve dried milk proteins and eliminate odours.
- **Safe composition** – a neutral product, free from harmful substances, friendly to the body of a **baby**.

- **Efficient set** – 120 tablets protected from moisture are enough for a long period of regular use.
- **Protection of accessories** – the product allows you to **clean** delicate silicone and plastics without dulling the surface.

The product is ideal for

- **Users of automatic washers** Momcozy KleanPal Pro, looking for an official and recommended detergent.
- **Parents of babies** who want to give up hand-washing bottles in favour of automatic, repeatable hygiene processes.
- **Mothers using breast pumps**, who require regular and thorough removal of greasy residue from pumping components.
