momcozy

Manufacturer: MOMCOZY

Referention number: DNXGJOHSGRMMNM

Information:

Momcozy YN08 is a comfortable breast pump bra and nursing bra that enables hands-free milk expression without using your hands. The patented X design securely holds the breast pump funnels, reduces the risk of leaks and provides reliable support during pumping. The soft, breathable cotton and spandex blend guarantees comfort even throughout the day, while the practical clip makes it easy to switch quickly to one-handed nursing. Adjustable straps and the option to cross them at the back improve fit and stability. The model is universal and compatible with many popular breast pumps, including Philips Avent, Spectra and Lansinoh.

Full product description

Momcozy breast pump bra - freedom and ease

Momcozy YN08 is a product designed with mothers in mind who want to regain mobility during everyday tasks. This **pump bra** allows for efficient **hands-free milk expression**, so you can work, read or simply relax while the **breast pump** does its job. The use of **Hands-Free** technology means that **breastfeeding** and regular **milk expression** become much less troublesome and do not require constantly holding the bottles. The **YN08** model is synonymous with a modern approach to motherhood, combining functionality with complete discretion.

Swobodne odciąganie, łatwe macierzyństwo

Breast pump bra and Hands-Free technology

The key to the success of the **YN08** model is its patented X-shaped construction, which keeps the funnels securely in place. As a result, the **pumping bra** allows you to **pump** milk without the risk of losing the seal or leakage, which often happens with ordinary underwear. The **Pumping** function integrated into this model ensures that each **breast** is properly supported, and the weight of the filling bottles is distributed evenly. This is the ideal **Momcozy breast pump bra**, which genuinely improves a woman's mental and physical comfort during lactation.

Comfortable nursing bra for everyday use

Made from a high-quality cotton and spandex blend, this **bra** is so **comfortable** that it can be worn all day long. The material is extremely soft and kind to sensitive skin, which is especially important when you need to **express** milk regularly. This model combines the features of a classic **nursing bra** and a specialist **breast pump bra**. As a result, you do not need to change underwear before every session - the **Nursing** technology allows for quick and discreet access to the breast without having to remove the entire **bra**.

Biustonosz do odciągania pokarmu bez użycia rąk

Milk expression and easy access thanks to practical clips

The designers at **Momcozy** have taken care of every detail, equipping the **bra** with a detachable **clip** that allows one-handed operation. This is extremely helpful when you are holding a **baby** and at the same time want to prepare for a **milk expression** session. The **adjustable** straps allow for a perfect fit to the figure, and the option to cross them at the back further strengthens the structure during intensive use of the breast pump. This means that **milk expression** takes place without unnecessary effort and without the need to **use your hands** to support the pumping set.

Momcozy milk expression with any breast pump

One of the greatest advantages of the **YN08** model is its versatility. This **breast pump bra** is compatible with most devices available on the market, such as breast pumps from Philips Avent, Spectra or Lansinoh. By choosing the right size (size XL), you can be sure that the funnels will fit precisely, allowing you to **pump** milk effectively without losing suction. **The breast pump bra** from **Momcozy** is an investment that makes **breastfeeding** a modern process fully adapted to the pace of a contemporary woman's life.
