Manufacturer: MOMCOZY

Referention number: DNKGJOHSDRMMKP

Information:

The Momcozy YN08 breast pump bra has been designed with mothers in mind who wish to maintain mobility during their daily tasks. Thanks to the Hands-Free technology, it allows for effective milk expression without the use of hands, enabling you to engage in other activities such as working or relaxing. The patented "X" shaped design securely holds the flanges in place, minimising the risk of leaks. Made from soft cotton and spandex, the bra provides comfort around the clock and combines the features of a classic nursing bra with those of a specialised pumping model. The practical clip allows for easy transition from pumping to breastfeeding, while the adjustable straps adapt to your figure. The YN08 model is versatile and compatible with most breast pumps available on the market, making it the ideal solution for active mums.

Full product description

Momcozy Milk Pumping Bra - Freedom and Flexibility

Momcozy YN08 is a product designed for mothers who want to regain mobility during their daily tasks. This **breast pump bra** allows for effective **hands-free milk expression**, enabling you to work, read, or simply relax while the **pump** does its job. The use of **Hands-Free** technology makes **breastfeeding** and regular **milk expression** much less cumbersome and eliminates the need to constantly hold bottles. The **YN08** model is synonymous with a modern approach to motherhood, combining functionality with complete discretion.

Breast Pump Bra and Hands-Free Technology

The key to the success of the **YN08** model is its patented "X" structure that securely holds the flanges in place. This **milk expression bra** allows you to **pump** milk without the risk of leakage or spillage, which often occurs with regular lingerie. The **Pumping** feature integrated into this model ensures that each **breast** is properly supported, and the weight of the filling bottles is evenly distributed. This is the ideal **Momcozy milk pumping bra** that positively impacts the mental and physical comfort of women during lactation.

Comfortable Everyday Nursing Bra

Made from a high-quality blend of cotton and spandex, this **bra** is so **comfortable** that it can be worn around the clock. The material is incredibly soft and gentle on sensitive skin, which is crucial when you need to **express** milk regularly. This model combines the features of a classic **nursing bra** and a specialist **milk expression bra**. This means you don't have to change your lingerie before each session - the **Nursing** technology allows for quick and discreet access to the breast without having to remove the entire **bra**.

Biustonosz do odciągania pokarmu bez użycia rąk

Milk Expression and Easy Access with Practical Clips

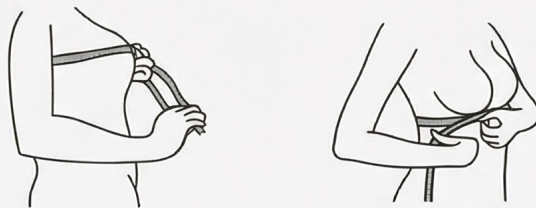

The designers at **Momcozy** have taken care of every detail by equipping the **bra** with a detachable **clip** that allows for one-handed operation. This is incredibly helpful when you are holding a **baby** and want to prepare for a **milk expression** session at the same time. The **adjustable** straps allow for a perfect fit to your body shape, and the option to cross them at the back further strengthens the structure during intensive use of the pump. This way, **milk expression** occurs without unnecessary effort and without the need to **use your hands** to support the pumping set.

Momcozy Milk Expression with Any Pump

One of the greatest advantages of the **YN08** model is its versatility. This **breast pump bra** is compatible with most devices available on the market, such as pumps from brands like Philips Avent, Spectra, and Lansinoh. By choosing the right size (size XL), you can be sure that the flanges will fit precisely, allowing for effective **pumping** of milk without losing suction. The **milk expression bra** from **Momcozy** is an investment that makes **breastfeeding** a modern process fully adapted to the pace of life of today's woman.
