momcozy

Manufacturer: MOMCOZY

Referention number: DNXGJOHRMRMNII

Information:

Momcozy YN08 is a comfortable bra for pumping and breastfeeding, created for mums who want to keep their hands free and enjoy greater freedom in everyday life. Hands-Free technology and the patented X-shaped design hold the breast pump funnels securely in place, helping to prevent leaks and loss of seal. The soft cotton and spandex blend ensures comfort even during extended wear, while the practical clip allows one-handed use and a quick switch to breastfeeding. Adjustable straps and the option to cross them at the back improve fit and support. The model is versatile and compatible with many popular breast pumps, including Philips Avent, Spectra and Lansinoh.

Full product description

Momcozy breast pump bra - freedom and ease

Momcozy YN08 is a product designed with mothers in mind who want to regain mobility during everyday tasks. This **pump bra** allows for efficient **hands-free milk expression**, so you can work, read or simply rest while the **breast pump** does its job. The use of **Hands-Free** technology makes **breastfeeding** and regular **milk expression** much less troublesome and does not require constantly holding the bottles in place. The **YN08** model is synonymous with a modern approach to motherhood, combining functionality with complete discretion.

Breast pump bra and Hands-Free technology

The key to the success of the **YN08** model is its patented X-shaped design, which keeps the funnels securely in place. As a result, the **breast pump bra** allows you to **pump** milk without the risk of losing the seal or leaking, which often happens with ordinary underwear.

The **Pumping** function integrated into this model ensures that each **breast** is properly supported, and the weight of the filling bottles is distributed evenly. This is the ideal **Momcozy breast pump bra**, which genuinely improves a woman's mental and physical comfort during lactation.

Comfortable nursing bra for everyday use

Made from a high-quality cotton and spandex blend, this **bra** is so **comfortable** that it can be worn all day long. The material is extremely soft and kind to sensitive skin, which is especially important when you need to **express** milk regularly. This model combines the features of a classic **nursing bra** and a specialist **breast pump bra**. As a result, you do not need to change underwear before every session - the **Nursing** technology allows for quick and discreet latching without having to remove the entire **bra**.

Biustonosz do odciągania pokarmu bez użycia rąk

Milk expression and easy access thanks to practical clips

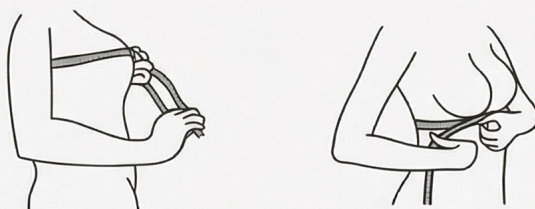

The designers at **Momcozy** have taken care of every detail, equipping the **bra** with a detachable **clip** that allows one-handed operation. This is extremely helpful when you are holding a **baby** and want to prepare for a **breast pumping** session at the same time. The **adjustable** straps allow for a perfect fit to the body, and the option to cross them at the back further strengthens the structure during intensive use of the breast pump. This means that **milk expression** is carried out without unnecessary effort and without the need to **use your hands** to support the pumping set.

Momcozy breast pumping with any breast pump

One of the biggest advantages of the **YN08** model is its versatility. This **breast pump bra** is compatible with most devices available on the market, such as breast pumps from Philips Avent, Spectra or Lansinoh. By choosing the right size (size XL), you can be sure that the funnels will fit precisely, allowing you to efficiently **pump** milk without losing suction. **The breast pump bra** from **Momcozy** is an investment that makes **breastfeeding** a modern process fully adapted to the pace of contemporary life.
