Full product description

Bluetooth music receiver

TP-Link HA100 is a **Bluetooth music receiver** that will allow you to play music from your smartphone or tablet wirelessly on any speaker. The receiver allows you to connect to your equipment via Bluetooth or NFC and supports all devices with 3.5mm or RCA jack inputs. Thanks to **Bluetooth 4.1** the equipment is compatible with all bluetooth devices and its range reaches even **20m**.

Quickly and conveniently

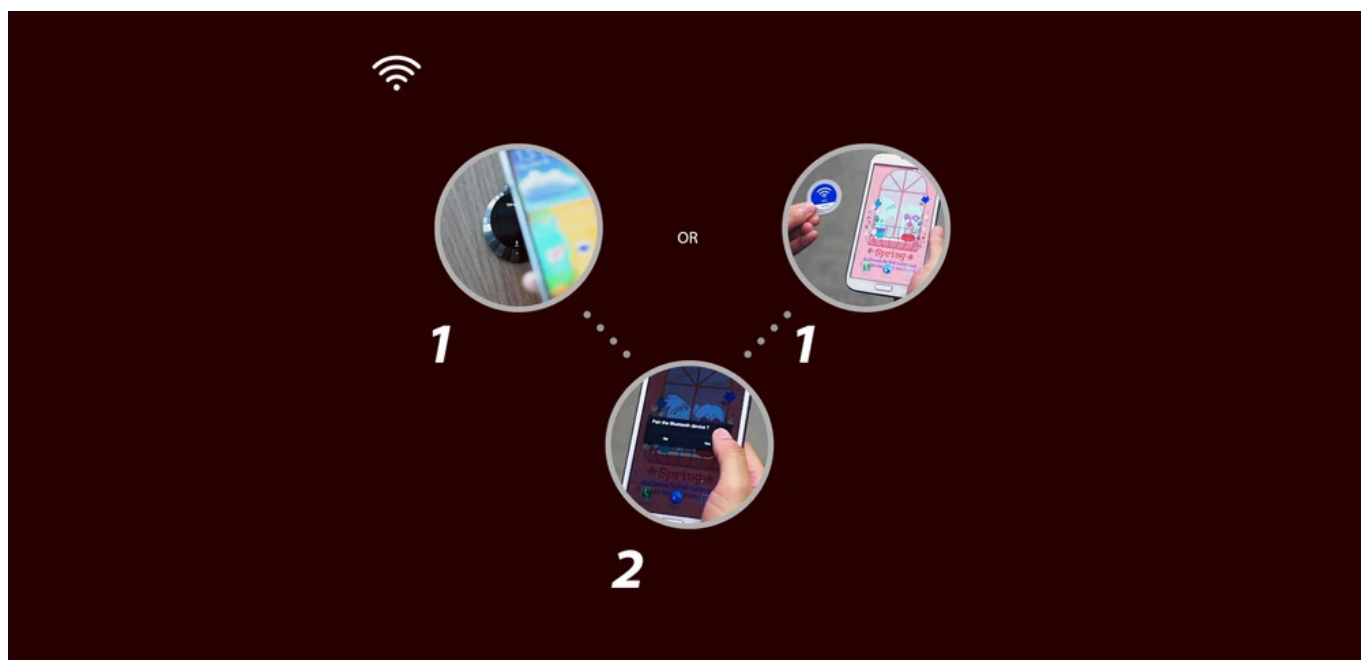

Bluetooth 4.1 technology increases the speed and stability of the wireless connection between your devices and your Hi-Fi system.

NFC Fast Pairing

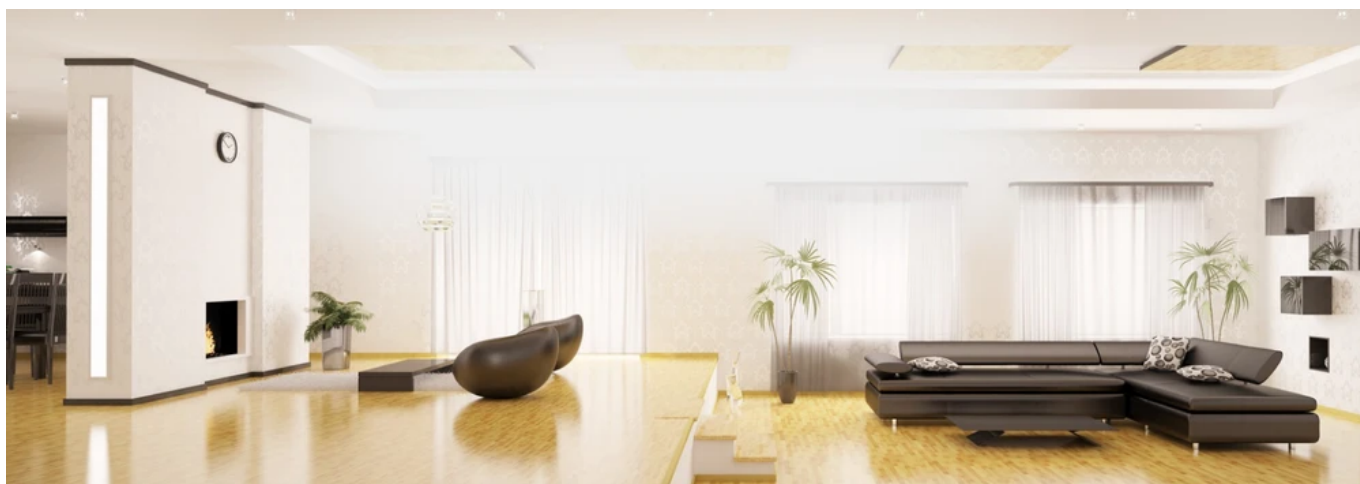

1. Touch the receiver or NFC tag with your device.

2. Confirm message.

Wide range

Control your audio equipment even from a distance of **20 meters**.

8 different devices can be connected

The **HA100** receiver stores information about up to 8 connected devices, so your whole family can enjoy the convenience of this solution.

Modern design

HA100 fits perfectly into any interior. Small, modern enclosure will look well even with the most modern audio set.
