Full product description

TP-Link Tapo P110 - Smart WiFi Plug for Your Home

TP-Link Tapo P110 is a revolutionary **mini WiFi Smart Plug** with **power consumption control** that brings **smart solutions to your home**. It provides convenience, energy savings and full control over connected devices. **Discover how this WiFi smart plug** can change the way **you manage the electronics in your home**.

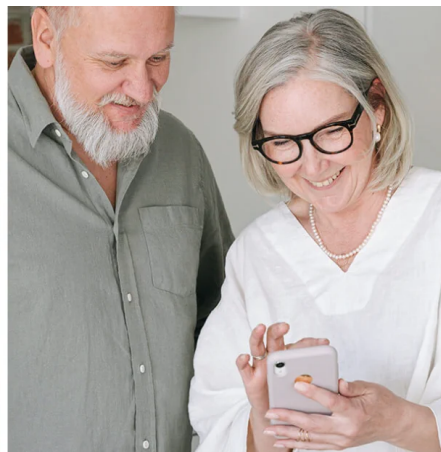

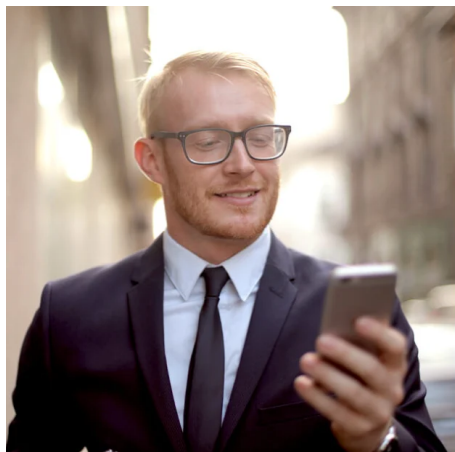

Remote Access from Any Location

With **TP-Link Tapo P110**, you can have full control over your devices no matter where you are. **With the Tapo app on your smartphone**, you can remotely turn connected devices on and off, saving time and energy. It's ideal for busy people and elderly **household members who can rely on support to operate their devices**.

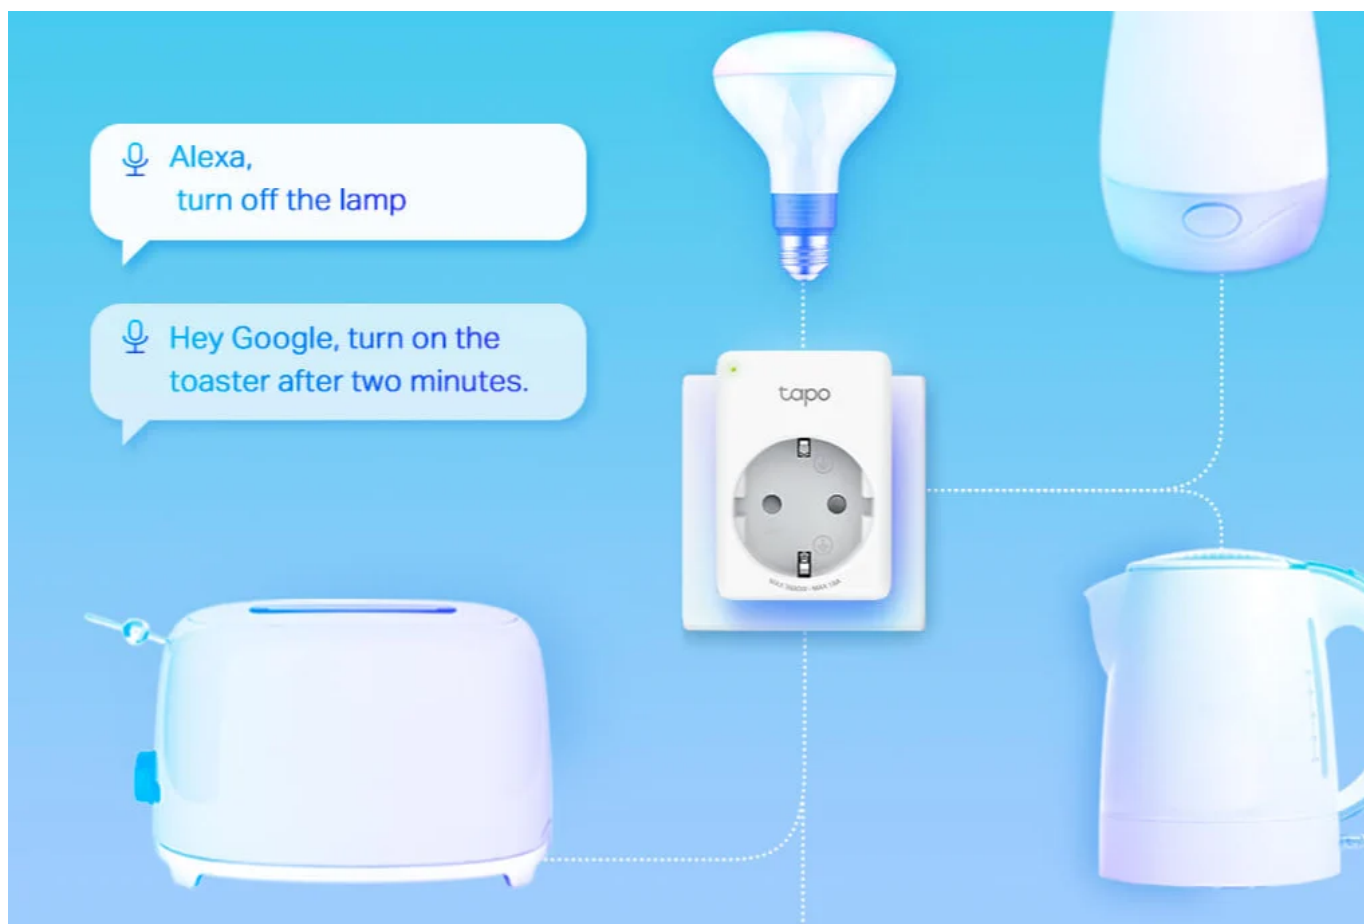

Easy Management and Permission Sharing

The **Tapo app** allows shared access privileges, so the **whole family can manage the Tapo P110 together**. This is a significant convenience and time-saver, as **each household member can control the devices from their smartphone**. In addition, the schedule and timer function **allows you to automatically manage your electronics, setting precise on and off times**.

Voice Control and Remote Mode

With compatibility with **Amazon Alexa and Google Assistant**, you can control the **TP-Link Tapo P110** with simple voice commands. **The remote mode function allows you to set your devices to automatically turn on and off**, giving you the ability to **simulate your presence at home and ensure your safety**.

Device Grouping Function

TP-Link Tapo P110 offers a grouping function **that allows you to combine several devices into one group**. This allows all **your Tapo devices** to operate synchronously, **increasing the convenience and efficiency of smart home management**.

Compact Design and Easy Setup

The compact design of the **TP-Link Tapo P110** ensures **that it does not obstruct neighboring outlets**, while providing an aesthetically pleasing appearance. **Setting up the device is quick and easy**, and the free outlet management app makes operation **intuitive and accessible to everyone**.
