Full product description

Compact Bluetooth 4.0 Nano USB adapter TP-Link UB400

TP-Link UB400 Nano USB Bluetooth adapter is a simple and quick way to equip your computer or laptop with Bluetooth. **It uses Bluetooth 4.0** low power consumption (BLE) **technology** and is **compatible with Bluetooth V3.0/2.1/2.0/1.1**. The UB400 USB adapter fits into any USB port and is therefore ideal for travelers, students and adventurers, simply for anyone on the move.

Enjoy the Bluetooth function

With the TP-Link UB400 adapter you can easily connect Bluetooth to your computer or laptop - you can connect wireless accessories such as keyboard, mouse and speakers. **The adapter supports up to 7 devices.**

Extensive range

The UB400 Nano USB adapter has a range up to 20 meters. This allows you to feel at ease when listening to music and move around the room without having to sit near the headset adapter.

Plug and Play installation

Easy installation without the need for special drivers. **No configuration is required for Win 8, Win 8.1 and Win 10.** The Bluetooth function is activated automatically when the NANO adapter is connected to a USB port on your computer.

For Win 7 / XP, a driver must be installed from <https://www.tp-link.com/en/download/UB400.html>.
