Full product description

Megaphone dedicated for Fimi X8 SE 2022 V2 drone

When mounted on a **Fimi X8 SE 2022 V2** drone, the device can remotely transmit voices or sounds. It can also store multiple audio files, support text-to-sound conversion and automatic loop playback, and broadcast in real time. With a maximum audio transmission range of **up to 100 meters***, tasks such as search and rescue are faster and easier than ever before. *Range depends on the circumstances. In complex environments with noise, the best range is 50 meters.
