### Information:

The Epic Collector's Sailing Ship is a model of a pirate ship made up of 3180 pieces, allowing you to immerse yourself in the atmosphere of maritime adventures. With impressive dimensions of 76.3 cm in length and 62 cm in height, the model captures attention with its details, such as the aged sails and richly decorated captain's cabin. Moving elements, including a raised anchor and a rotating rudder, as well as an opening structure that provides insight into the hold, enhance its appeal. The use of high-quality bricks ensures stability, while realistic features like the anchor lifting system add to its attractiveness. The model is fully compatible with other brands of bricks, allowing for modifications and expansion of your fleet. An intuitive instruction manual guides you through the assembly process, making it an ideal choice for enthusiasts of engineering and detail.
