Information:

The MOULD KING football stadium model with 4266 pieces is an impressive, detailed construction for fans of sport and architecture. It captures the look of a stadium with stands, a pitch and goals, and once assembled it is almost half a metre long, making it a striking collectible display piece. The bricks are made from durable ABS and simulated fibreglass, and are also compatible with other brands, which makes expansion and customisation easy. The set includes assembly instructions, making the building process enjoyable and satisfying.

Full product description

Legendary stadium in your home

Get ready for an unforgettable building adventure with a football stadium model that pays tribute to both sporting excitement and architectural finesse. Built from 4,266 precision pieces, this model captures every detail of the stadium, from the stands to the pitch and goals, conveying the true atmosphere of a sporting spectacle.

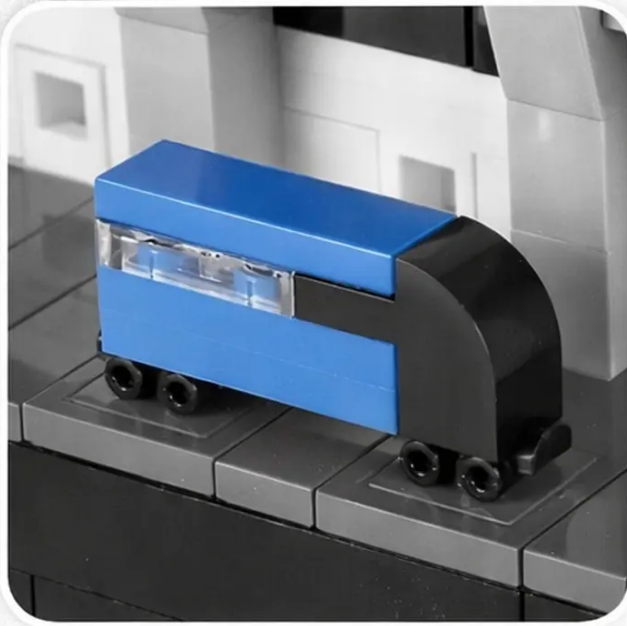

Stadium details in your hands

Create a detailed stadium model that measures almost half a metre in length. Close-ups of the construction details and the model's dimensions against the pitch let you feel as if you were in a real stadium, where every seat offers a unique view of the pitch and stands.

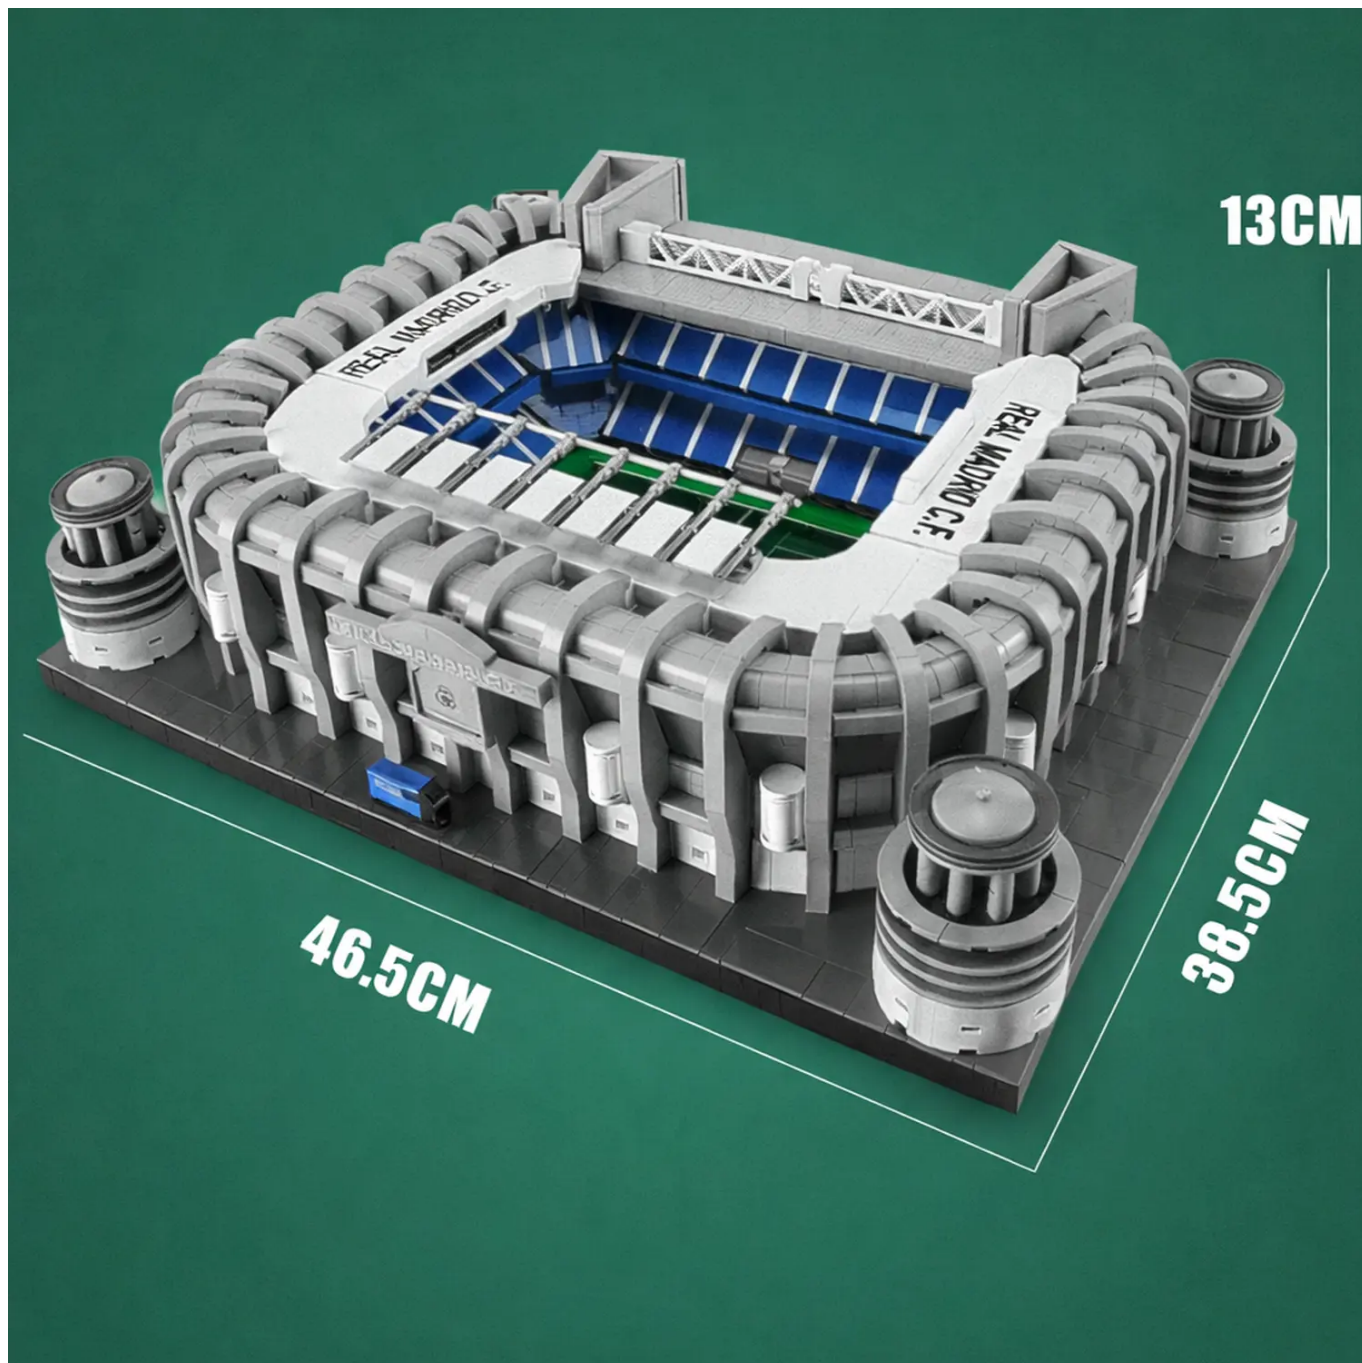

High-quality bricks and compatibility

MOULD KING bricks are made from durable ABS plastic and simulated fibreglass, ensuring long-lasting use. In addition, they are compatible with bricks from other brands, allowing you to expand and personalise the model. It is the perfect fun for every sports and architecture enthusiast.

Create something exceptional

The stadium model is a great opportunity to build something exceptional. The set with assembly instructions makes the whole process simple and enjoyable, and the final result will be a perfect decoration for any collection.
