Information:

The 1:8 scale racing car model is an advanced construction consisting of 1989 components, combining realistic appearance with functionality. It features opening doors, a movable spoiler, and a meticulously replicated interior, while the front shock absorbers provide realistic suspension. The vehicle is powered by XL motors and a servo, ensuring power and precise control. Control is achieved via an app or remote, allowing for complete command. The model measures 57 cm in length, 23 cm in width, and 13 cm in height. The set includes a lithium battery, which takes approximately 60 minutes to fully charge, and offers a driving time of around 15 minutes. The LED lighting adds authenticity, delivering a true driving experience.

Full product description

Speed Master in Your Showroom

The 1:8 scale racing car model is an advanced design that impresses with its details. Composed of 1989 pieces, it offers not only a realistic appearance but also functionality. Equipped with motors, a lithium battery, and the ability to be controlled via an app or remote, it provides a true driving experience.

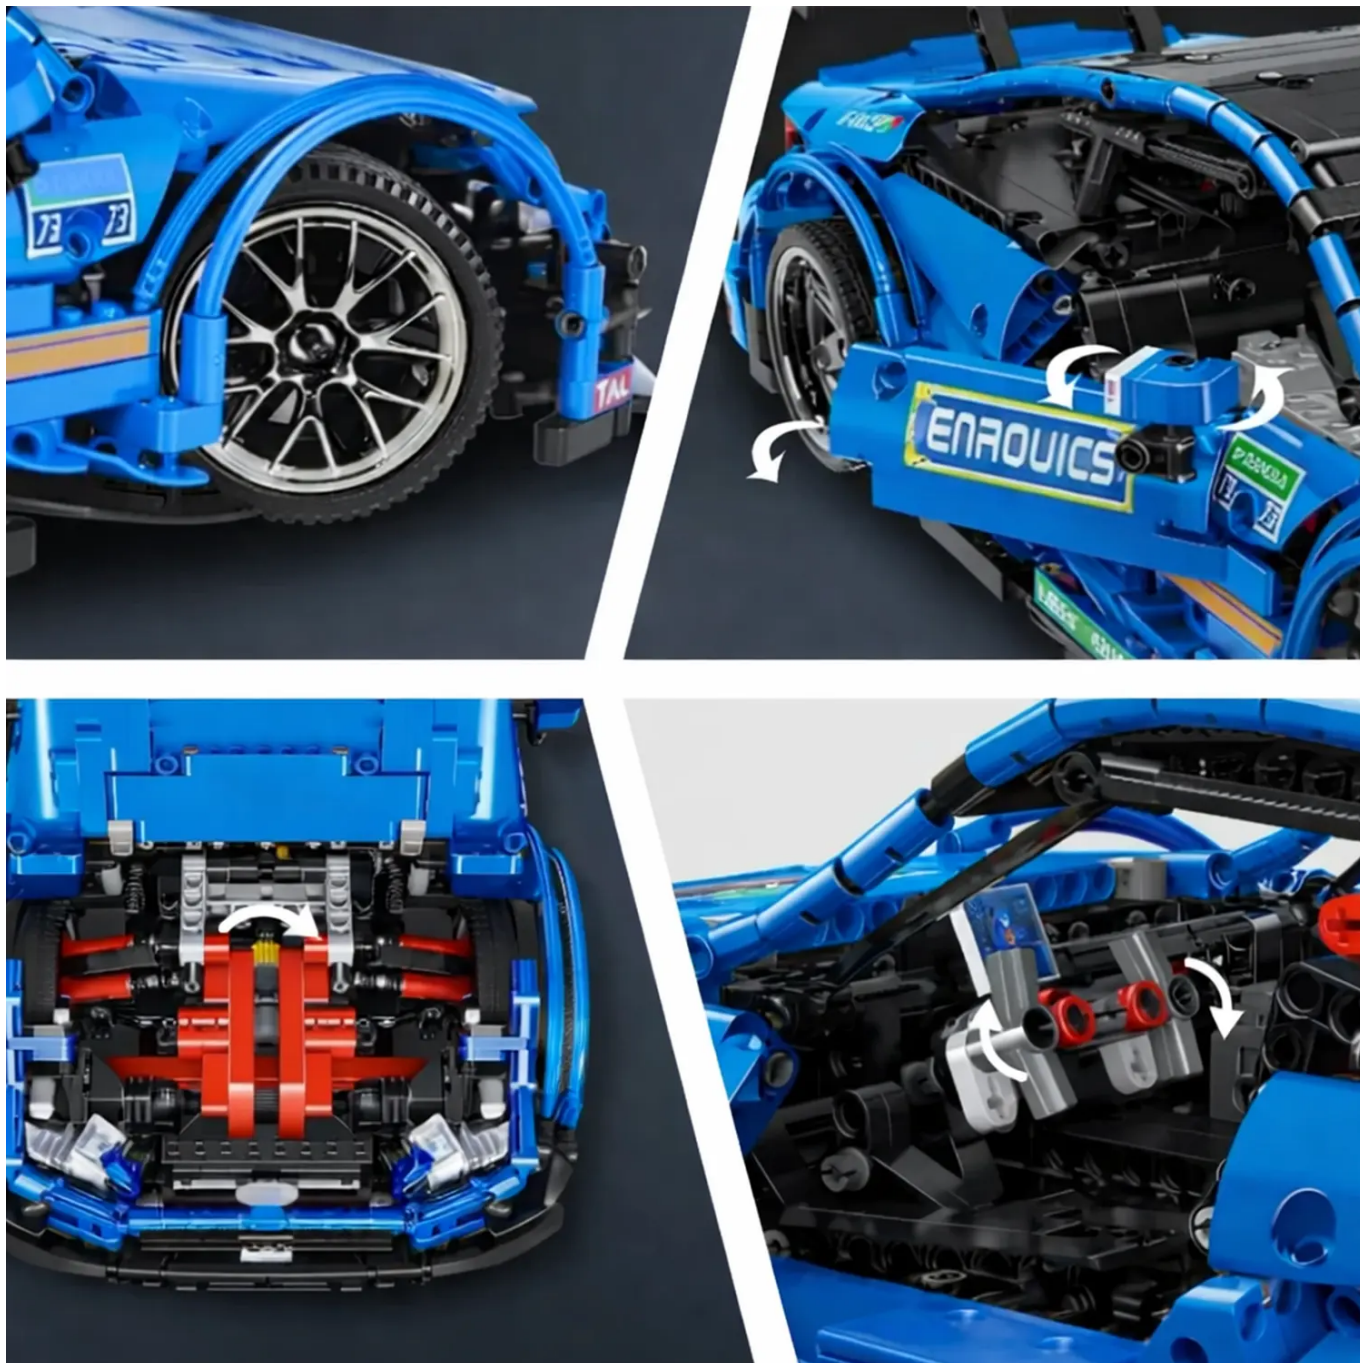

High Precision Craftsmanship

The model features opening doors, a movable spoiler, and a meticulously replicated interior. The front shock absorbers provide realistic suspension, and with the app or remote, you can fully control the vehicle. LED lighting adds authenticity, perfectly replicating the look of a real racing car.

Advanced Functionality

All details of the model have been designed with functionality and realism in mind. Opening doors, a movable spoiler, and front shock absorbers guarantee the highest quality. The model is equipped with XL motors and a servo, providing adequate power and precise control.

Dimensions and Specification

When assembled, the model measures: length - 57 cm, width - 23 cm, height - 13 cm. The set includes 1989 pieces and accessories, including a lithium battery and motors, allowing full control over the vehicle. A full battery charge takes about 60 minutes, and the driving time is approximately 15 minutes.
