Full product description

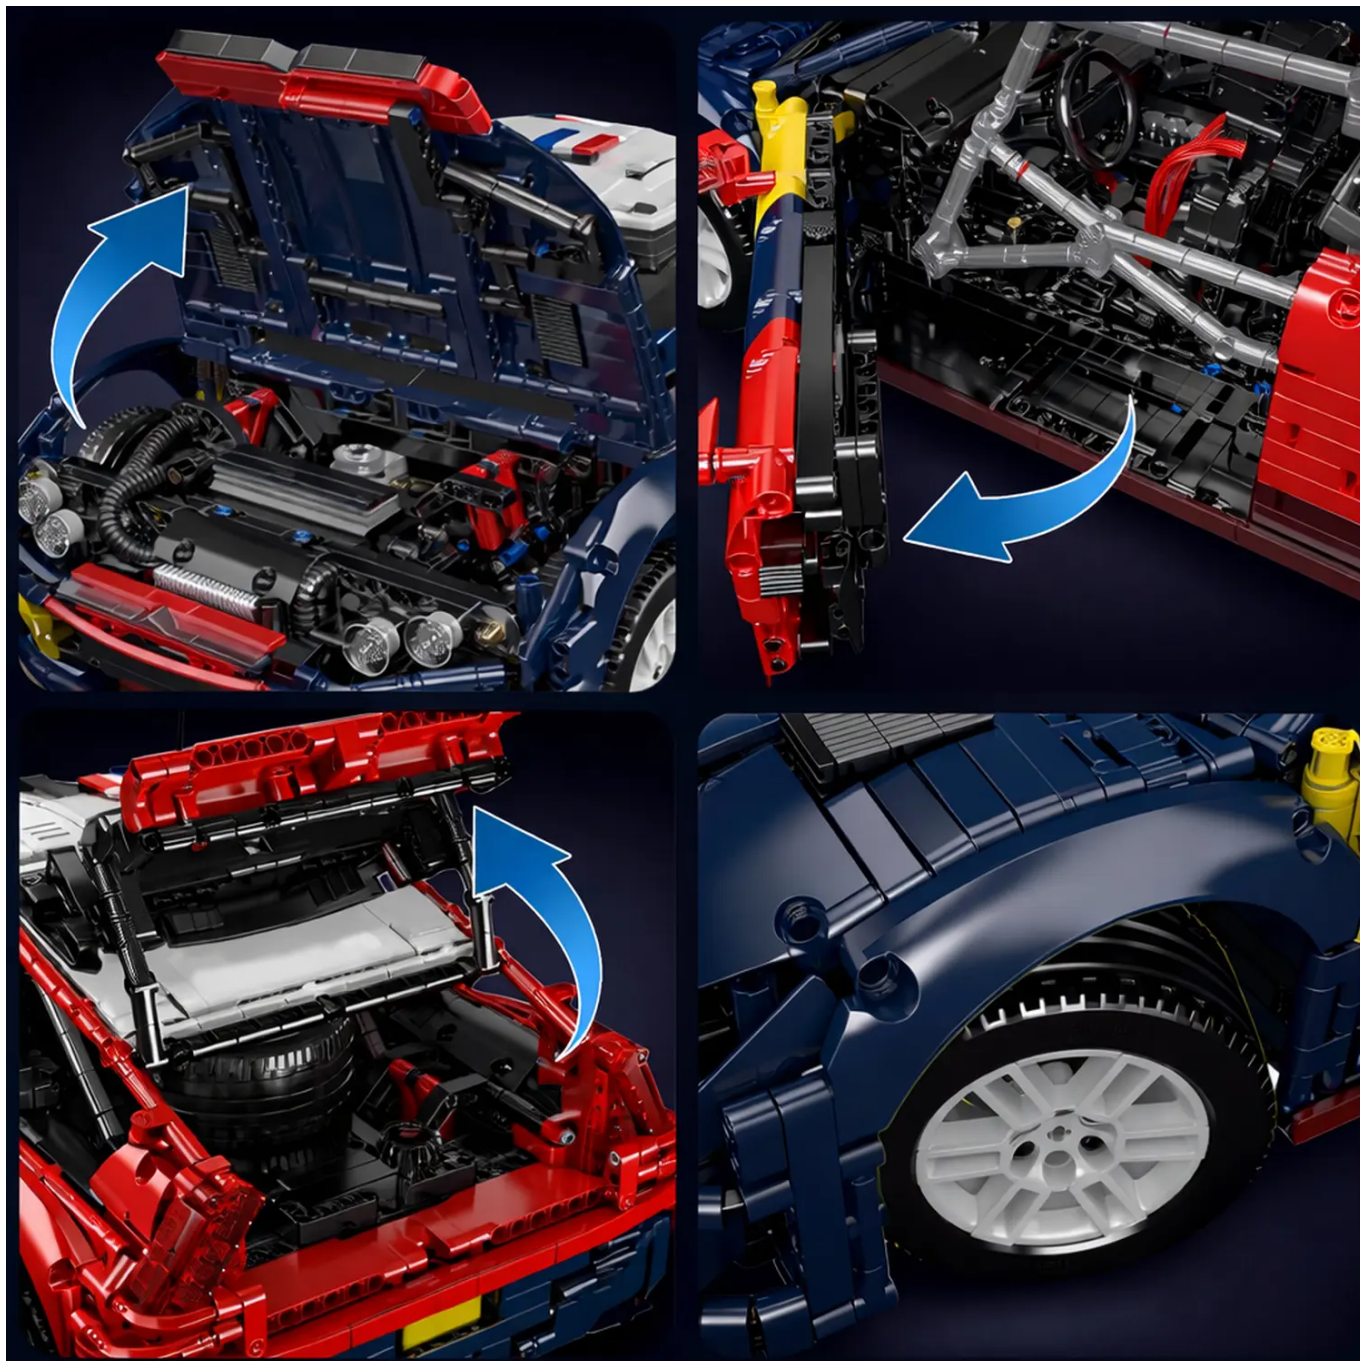

C4 WRC - Racing Legend in 1:8 Scale

We present the C4 WRC racing car model in 1:8 scale, created by Mould King. This unique set consisting of 4606 pieces replicates the iconic rally car that has won the hearts of fans worldwide. The model features a detailed engine, racing cage, as well as opening doors and hood. The set also includes stickers that allow for a realistic appearance, along with movable elements such as the steering wheel and suspension system.

Construction Details

The C4 WRC model offers impressive precision in its execution. Built from over 4600 pieces, the detailed engine, racing cage, and interior are fully replicated. The set also includes a functional steering system that connects to the wheels, as well as an opening hood and trunk. Opening doors, a spare in the trunk, and special seats add authentic details to the model.

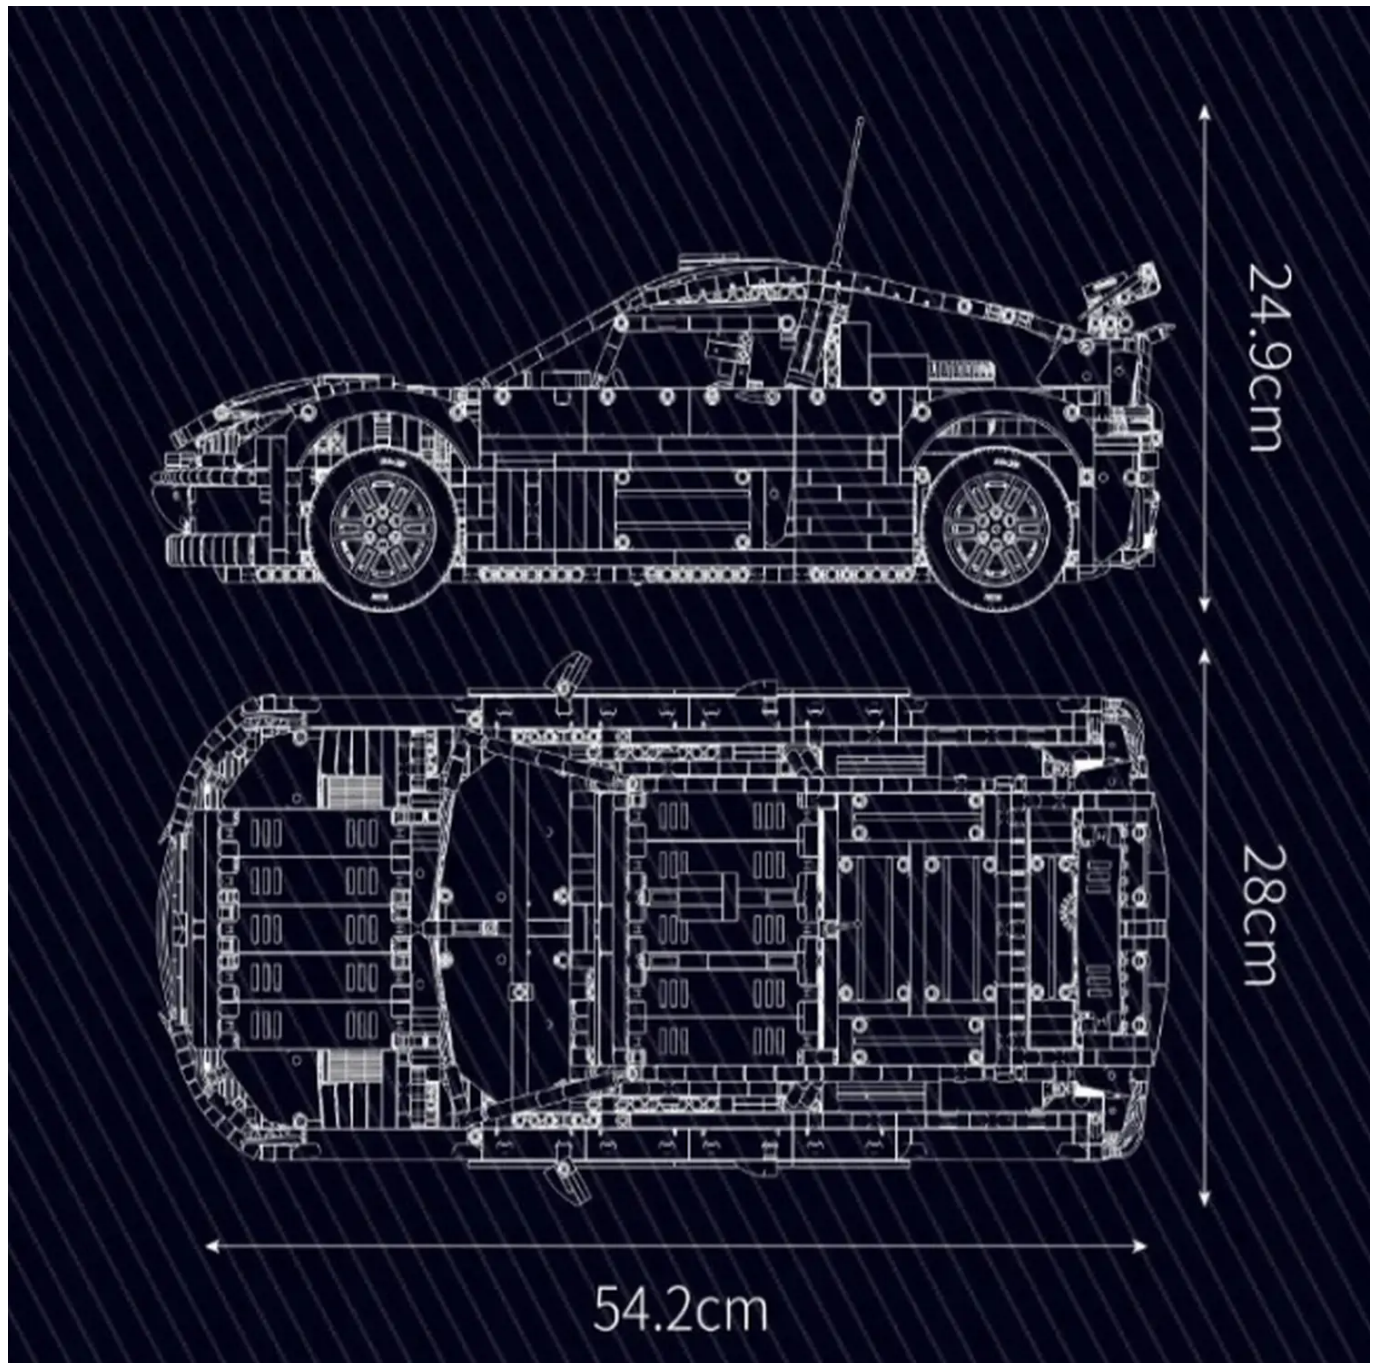

Precise Details

The C4 WRC model does not lack details that replicate the characteristics of a real racing car. The suspension, rotating wheels controlled by the steering wheel, and sponsor logos are just some of the elements that add authenticity. Inside, you will find carefully replicated elements of the racing interior, such as the roll cage and steering wheel.

Dimensions and Details

The model measures 54.2 × 28 × 24.9 cm, making it an impressive model in 1:8 scale. The thoughtful design allows for the opening of the hood, trunk, and doors, which further facilitates the presentation of the interior and details. The set is rich in elements that, when assembled, create a unique image of a rally car.
