Information:

Mould King 24022 Mini Helicopter Sparrow is a stylish helicopter model made up of 266 elements, distinguished by its intense red colour scheme and slim, sporty silhouette. The set offers a satisfying build, and once assembled it impresses with details such as movable rotor blades and a refined cockpit. Made from durable ABS plastic, it provides stability and an attractive display appearance on the shelf. The model is compatible with bricks from other brands, and building it supports the development of manual skills and the basics of mechanics.

Full product description

Mini Helicopter Sparrow Model

The **Mould King 24022** set is an option for those who value aesthetics and technical precision. The **Sparrow** helicopter model in an intense red colour scheme stands out with its sleek silhouette and attention to detail. The construction made up of **266 pieces** offers a satisfying building process, allowing you to create a faithful replica with a sporty character.

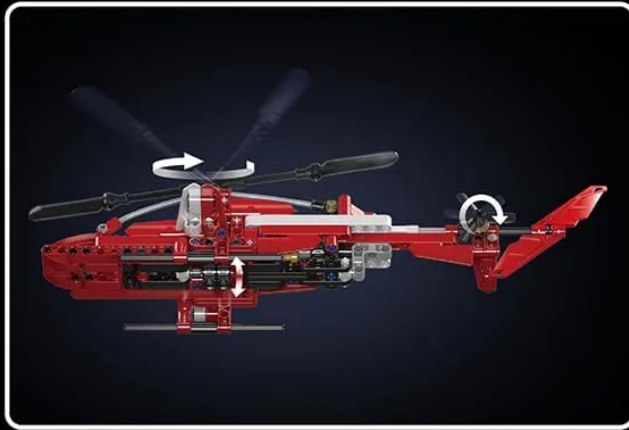

Key features of the Sparrow Helicopter

- **266 pieces** providing an optimal assembly time and high detail.
- Distinctive **red colour scheme** giving the model a unique display look.
- Moving **rotor blades** and a refined cockpit enhancing the realism of the build.
- Use of durable **ABS** material, which contributes to the durability of the finished model.
- Full **compatibility** with bricks from other well-known construction brands.

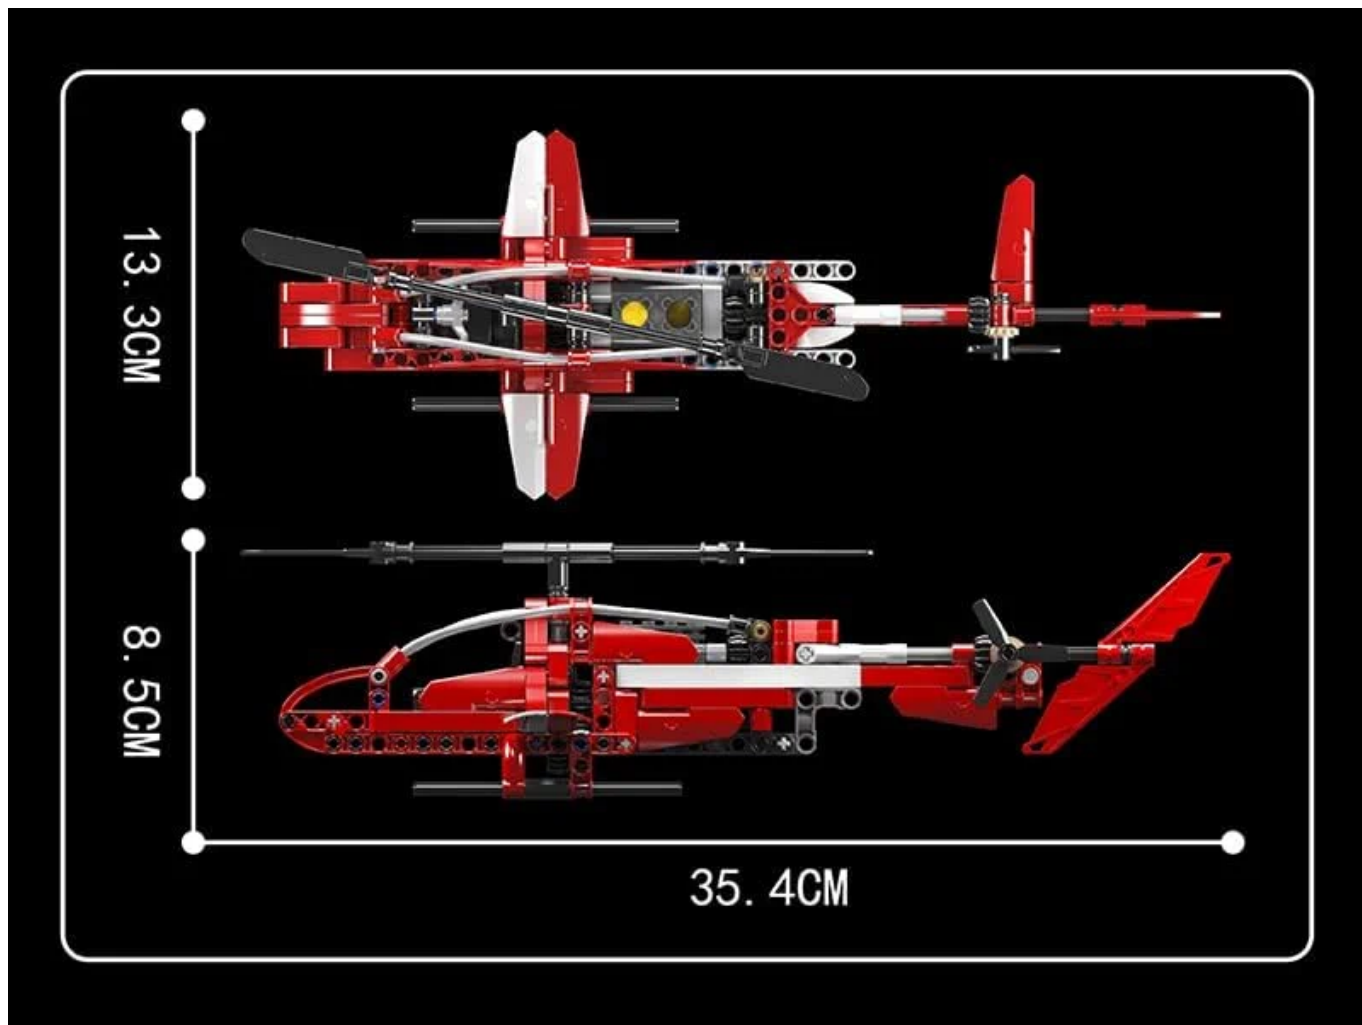

Realism and stability of the model

The design focuses on capturing the essence of modern aeronautical engineering. Thanks to the use of precise parts, the **Sparrow helicopter** remains highly rigid once assembled. This helps to carry the model safely and ensures the build looks immaculate on a collector's shelf. **Recycled materials** combine attention to detail with care for the environment.

Educational value of the build

Assembling the **Mould King 24022** set helps develop manual skills and an understanding of mechanical principles. The clear instructions guide you through the process of building the skids, fuselage and rotor drive system. It is an excellent choice for **brick fans** looking for a model to complement their technical collections or to introduce younger builders to the world of engineering.

Specification

Parameter	Details
Manufacturer	Mould King
Product code	24022
Number of pieces	266 pcs.
Material	ABS (recycled)
Model dimensions	35.4 x 13.3 x 8.5 cm
User age	8+
