Referention number: DNXGKINJHRMMIK

Information:

The Black Forest SUP board 320 × 81 × 15 cm is a stable and comfortable model for recreational paddling on lakes, rivers and calmer waters. Its wide design makes it easier to keep your balance, while the 15 cm height increases rigidity once inflated. Made from 2700 GSM drop-stitch material, it provides good support and confident handling. The non-slip 3 mm EVA foam improves comfort and foot grip. The board is easy to inflate and deflate, and the included pump allows it to be inflated to 15 PSI. The set includes an adjustable 3-piece aluminium paddle, backpack, leash, removable fin, repair kit and instructions.

Full product description

Black Forest SUP Board

Black Forest SUP Board with dimensions of 320 × 81 × 15 cm has been designed with recreational paddling on calmer waters in mind. The 81 cm width makes it easier to keep your balance, while the 15 cm height supports rigidity once inflated. It is a practical choice for a lake, river or a holiday trip by the water.

Confident handling

The 320 × 81 × 15 cm dimensions offer a comfortable surface for paddling while standing, kneeling or resting on the water. The board's width helps maintain stability when changing position, manoeuvring calmly and learning the basics of **SUP boarding**.

2700 GSM material

The board is made from **2700 GSM drop-stitch** material. The internal 15 cm structure helps it keep its shape once inflated, which translates into better support for the user and more comfortable handling on the water.

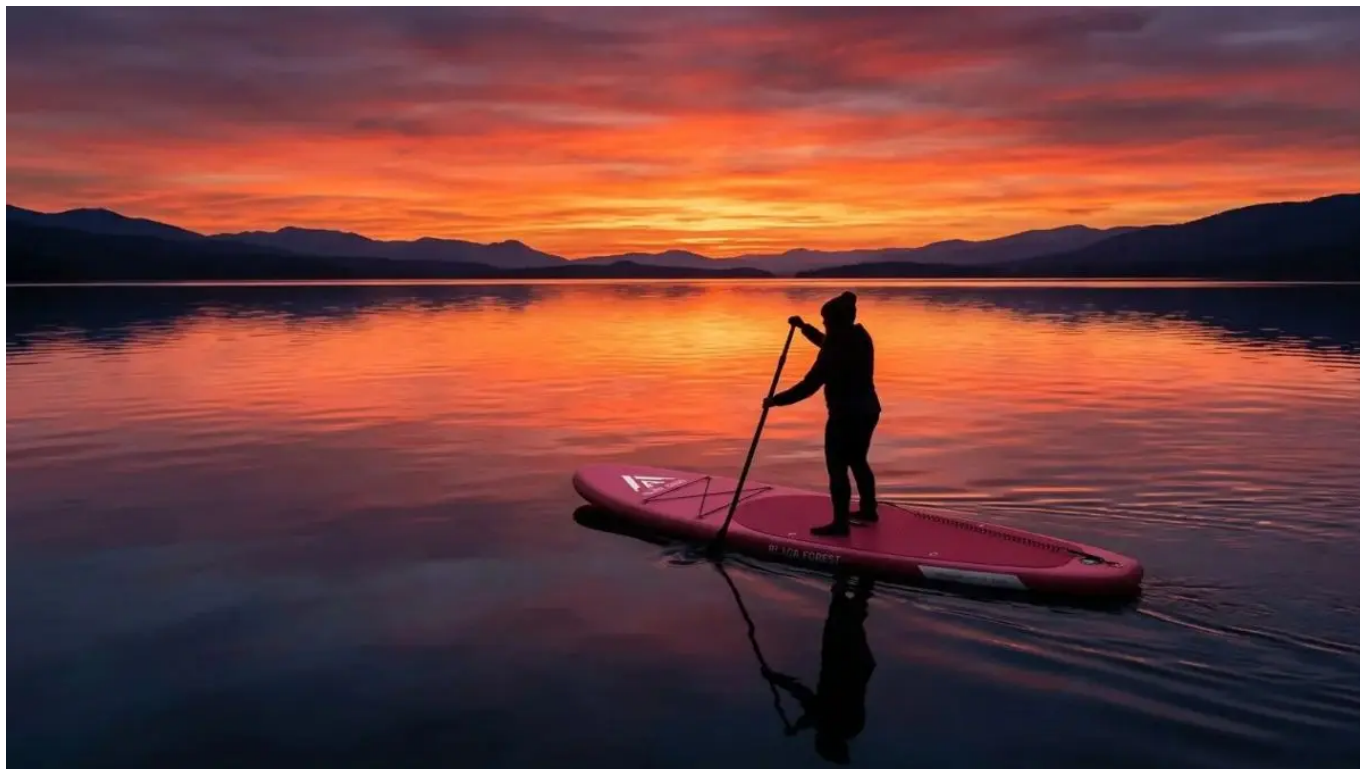

Easy to use

The board is easy to inflate and deflate thanks to the high-pressure valve. This allows you to quickly prepare the equipment for use and conveniently store it after paddling. The included pump helps inflate the board to the recommended **15 PSI**.

EVA surface

The top of the board features **EVA foam** with a thickness of 3 mm. Its texture improves foot grip and increases comfort while paddling. It works well for longer periods on the board, changing position and using the SUP on warmer days.

Set

The set includes: **Black Forest SUP board** 320 × 81 × 15 cm, aluminium alloy paddle, hand pump, backpack, ankle safety leash, removable large slot-type fin, repair kit and user manual. The paddle has a 3-piece construction and adjusts from 165 to 208 cm.
