Full product description

Performance you can count on

Ozone generator is an advanced ozone generating device with a **capacity of 20,000 mg/h**, which effectively purifies the air and space from bacteria, viruses, fungi and unpleasant odors. Thanks to its strong oxidizing properties, ozone not only effectively eliminates undesirable substances, but also does not leave behind toxic residues or negatively affect health and the environment. Its action is fast, and the effects - **long-lasting**.

Safe disinfection - An ecological solution

Our ozonator not only effectively removes bacteria and viruses, but also removes odors such as cigarette smoke and pet odors. What's more, ozone is completely **safe for health**, as it transforms into pure oxygen after decomposition. By choosing our device, you are choosing **an eco-friendly alternative** that does not pollute either the air or the soil, making it an environmentally friendly solution.

Versatility and versatility of the device

The ozone device is ideal for both offices and homes. It will perform well not only in disinfecting the air, but also in removing **unpleasant odors** from closed spaces such as refrigerators, ventilation and air conditioning ducts. Thanks to a timer with a range from 1 to 60 minutes, you can schedule its operation and customize it to **your individual needs**.

High performance in every detail

The ozonator features a **robust construction** with materials such as stainless steel and ABS, which ensures the longevity and durability of the device. Offering a maximum fan output of up to 2,800 RPM and the ability to clean an area of up to **120 sq. m**, the ozonator provides high efficiency in a variety of conditions. Its small size (20.5 x 13.5 x 13 cm) and light weight (1.308 kg) make it easy to carry and store.

Comfort of use

The integrated timer, **easy operation** and portability of the device make using the ozonator comfortable and hassle-free. The device is ideal for any environment, from office to home interiors, offering unmatched quality and **performance**.
