Manufacturer: MOMCOZY

Referention number: DNXGKJLMJRMMLLO

Information:

Momcozy Elephant Lovey is a soft, light blue elephant comfort blanket designed to help babies calm down and fall asleep peacefully in the cot, pram or while travelling. Made from 100% natural cotton with OEKO-TEX certification, it is hypoallergenic, breathable and safe for sensitive skin. The integrated Anti-Drop fastening allows a dummy or teether to be attached, reducing the risk of it being lost or getting dirty. The knots and sensory details support grasping, coordination and motor development, while reinforced seams ensure everyday durability.

Full product description

Soothing elephant cuddly toy - the perfect companion for everyday bedtime

The transition to sleeping independently can be a challenge for a baby, which is why it is so important to provide a constant point of comfort. The new Momcozy Elephant Lovey blanket-cuddly toy in a delicate blue shade is a product designed to naturally calm little ones (self-soothing). The sensory soft toy made from soft, safe cotton effectively reduces tension and separation anxiety, giving your little one a sense of shelter and making it easier to drift into a peaceful deep sleep in any conditions – both in the cot and while travelling.

A sense of closeness and stability in the comfort of home

Babies intensely absorb stimuli from their surroundings, seeking structures that remind them of their parents' arms. The blue elephant cuddly toy perfectly fulfils this role, becoming a faithful companion during moments spent in a home bouncer or on an activity mat. The exceptionally fluffy texture of the material helps the child feel confident and safe, allowing mum a moment of respite while the smiling little one plays and rests peacefully within the caregiver's sight.

Innovative Anti-Drop system - no more lost dummies

The Momcozy cuddly toy design solves one of the most troublesome problems for young parents - constantly dropping and searching for feeding accessories. The blanket is equipped with a practical, integrated fastening to which a dummy or teether can be securely attached. A baby lying on their back, cuddling their beloved elephant, always has the soother close at hand. This prevents accidental dirt on walks and supports learning to reach for the dummy independently without adult help.

Uncompromising quality and sensory design details

Every element of the blue Momcozy blanket has been made with intensive, everyday use by children in mind. Careful double stitching and additionally reinforced edges protect the fabric from mechanical damage. The finest details attract the most attention: the charming embroidered elephant head, the pleasant-to-touch texture and the special knots on the corners, which provide an excellent gripping point for small hands and stimulate the proper development of sensory integration.

Stimulation of fine motor skills and hand-eye coordination

Actively grasping, lifting and pulling objects closer are key exercises supporting the development of babies' nervous systems. Thanks to the ergonomic, thick knots placed on the edges, the blue elephant blanket is extremely easy for little ones to handle. As the child lifts the toy and explores its shape with their mouth or fingers, they naturally and safely train hand grip strength and develop precise hand-eye coordination.

Natural cotton with OEKO-TEX certification for sensitive skin

The baby's health always comes first. The fabric used to make the Momcozy cuddly toy is 100% pure, selected premium cotton, distinguished by the OEKO-TEX certificate. The material contains no toxic dyes, chemicals or artificial additives. It is velvety soft, fully breathable and hypoallergenic, making it completely safe for newborn skin prone to irritation and allergies, even during intense teething.

Technical data

Parameter	Value
Brand	Momcozy
Model	Elephant Lovey Security Blanket (Blue Edition)
Size	14 inches (approx. 35 cm)
Material composition	100% natural premium cotton

Parameter	Value
Medical certification	OEKO-TEX Standard 100 (hypoallergenic, toxin-free)
Features	Dummy/teether tie, double seams, sensory knots
Age suitability	From birth (0m+) — for boys and girls

Key benefits

- **OEKO-TEX certified cotton:** 100% natural, hypoallergenic and exceptionally soft fabric that is gentle on sensitive baby skin.
- **Integrated dummy holder:** A thoughtfully designed fastening system protects dummies from falling, getting lost and contact with dirty surfaces.
- **Effective self-soothing support:** Helps the child calm their emotions independently, making it easier to fall asleep in a cot, pushchair or car seat.
- **Motor and sensory development:** Embroidered structural elements and thick knots stimulate the sense of touch and support learning to grasp.
- **Premium durability:** Double, dense stitching guarantees the original shape and softness are maintained even after many machine washes.

This product is ideal for

- **Conscientious parents putting together a layette:** Those looking for certified, natural textiles that make a newborn's bedtime routine easier.
- **Those who value mobility and ergonomics:** Caregivers looking for a compact, easy-to-transport "on-the-go cuddly toy" that secures a dummy while travelling.
- **Anyone looking for a ready-made luxury gift:** Anyone who wants to give young parents an aesthetically packaged, practical and safe present (Newborn Gift) for a Baby Shower.
