Manufacturer: MOMCOZY

Referention number: DNXGKJLNDRMMHI

Information:

Momcozy Swaddle Velcro Wrap is a baby swaddle for newborns aged 0-3 months that helps soothe the baby and reduce the Moro reflex, supporting calmer, longer sleep. The soft, breathable, skin-friendly fabric provides thermal comfort, wicks away moisture and protects against overheating. Adjustable Velcro wings allow for quick, secure fastening, while the wide bottom supports the natural hip position. It is a safer alternative to loose blankets and a practical baby essential, as well as an elegant gift.

Full product description

Natural sense of security and peaceful sleep for a newborn

Providing a newborn baby with conditions similar to those it remembers from the womb is the most effective way to help it adapt to the new world. The Momcozy Swaddle Velcro Wrap baby swaddle has been designed for infants aged 0 to 3 months, in whom the natural Moro reflex is strongly present. Careful and secure wrapping of the baby's body reduces sudden awakenings, helps effectively calm emotions and stimulates deep, uninterrupted sleep, building a strong sense of stability in the child from the first days of life.

Innovative fabric structure friendly to sensitive skin

A newborn's skin is exceptionally delicate and does not yet have a fully developed barrier, which is why it requires certified, top-class textiles. Momcozy swaddles are made from technically selected fabric with a unique, soft and wavy structure that feels incredibly pleasant in direct contact with the body. This fabric stands out for its excellent thermoregulatory properties – it allows the skin to breathe freely, effectively wicks away excess moisture and protects the baby from both chilling and the health-threatening risk of overheating.

-  Miękkie jak chmurka
-  Wyjątkowo przewiewne
-  Pomaga zachować suchość
-  Naturalne włókna

Mieszanka bambusowa

Delikatne jak druga skóra Twojego maluszka

Perfect fit and simple fastening thanks to the Velcro system

Traditional wrapping of a newborn in a conventional blanket can be complicated and often loosens as the baby moves. The ergonomic Momcozy swaddle solves this problem with adjustable, secure wings fastened with strong yet soft Velcro. This system allows for quick and precise adjustment of the level of wrapping to the baby's individual anatomy while lying in the cot. At the same time, the design supports healthy hip development, leaving enough room for natural and free leg movement.

Gotowe na narodziny

Lista wyprawkowa: niezbędnik na pierwszy dzień

Comfortable rest and a peaceful night for the whole family

Properly wrapping a newborn directly affects the quality of night-time rest not only for the baby, but also for tired parents. When a sleeping baby rests safely wrapped in an ergonomic swaddle on a fluffy blanket, its body is in an optimal, physiological position. The use of soft Velcro eliminates the risk of the fabric accidentally being pulled over the baby's face, making this product a much safer alternative to traditional loose blankets and baby bedding.

Idealne dopasowanie, bez zbędnego budzenia

Elastyczna tkanina otula maluszka,
zapewniając spokojny sen

An essential part of the baby layette and a perfect gift

Putting together a newborn's first wardrobe and accessories requires choosing products that are proven, functional and make everyday care easier. Adjustable Momcozy Velcro swaddles are an absolute foundation of a modern baby layette (Baby Essential) that every new parent will appreciate. Thanks to the elegant premium packaging and universal pastel colour scheme, this set is a ready-made, luxurious and highly practical gift idea for a baby's birth, a first visit or a Baby Shower.

Technical data

Parameter	Value
Brand	Momcozy
Model	Swaddle Velcro Wrap (SJ019)
Age range	Newborns and infants from 0 to 3 months
Fastening type	Adjustable, soft Velcro fastenings
Fabric structure	Premium, gently wavy breathable fabric
Features	Reduction of the Moro reflex, hip-safe position, thermoregulation
Colour variants	Light green and blue

Key benefits

- **Effective calming with Velcro fastenings:** Allows for an ideal, stable fit of the wrapping level and prevents the arms from coming free on their own.
- **Reduction of the Moro reflex:** Limits sudden movements of the newborn's arms, eliminating the main cause of sudden, stressful awakenings from sleep.
- **Unique wavy fabric:** The exceptionally breathable premium material guarantees constant air circulation and full thermal comfort.
- **Healthy hip joint development:** The wide bottom of the swaddle allows the legs to be positioned freely in the physiological "frog" position.
- **Safety above all:** Replaces traditional bedding and blankets, eliminating the risk of accidentally covering the baby's airways.

The product is intended for

- **Parents struggling with frequent waking of the baby:** Carers looking for a proven way to lengthen and deepen a newborn's sleep in a safe position.
- **Young parents who value ease of use:** Anyone for whom traditional wrapping with nursing wraps or large nappies is too complicated and time-consuming.
- **Those looking for certified, safe textiles:** People seeking hypoallergenic, breathable and maximally gentle materials for their children's sensitive skin.
