Price: **39.00 zł** gross / 31.71 zł net

Manufacturer: BETA FPV

Referention number: DNXXGGOPNDRMMKQ

Information:

Gemfan 45mm-3 Blade (1.5mm) propellers are lightweight, durable three-blade propellers designed for micro drones and whoop-style builds. The 45 mm diameter provides a good balance between thrust and smooth, precise control, resulting in stable and responsive flight even in tight spaces. The 1.5 mm shaft hole increases compatibility with popular micro drone motors, and the impact-resistant design performs well during intense manoeuvres. Ideal for FPV pilots, both for racing and freestyle. The set includes 8 propellers: 4 right-hand and 4 left-hand.

Full product description

Gemfan 45mm-3 Propellers: Compact Performance for Micro Drones

Gemfan 45mm-3 Blade (1.5mm) propellers are the optimal choice for micro drones and whoop designs. Their three-blade 45mm diameter design provides the perfect balance between impressive thrust and smooth control, translating into stable flight and precision in tight spaces. A 1.5mm diameter shaft opening ensures wide compatibility with popular micro drone motors. Made of durable material, these propellers are impact resistant and retain their properties even after demanding maneuvers. They are ideal for FPV pilots, both racing and freestyle, who expect responsiveness and agility from their equipment. Enhance your drone's capabilities with Gemfan 45mm-3 propellers for efficient and stable flight.
