Price: **49.00 zł** gross / 39.84 zł net

Manufacturer: BETAFPV

Referention number: DNXXGGOPNERMMLP

Information:

BETAFPV GEMFAN 45MM Two-Blade are lightweight, efficient propellers for FPV microdrones that improve stability, flight smoothness and control over the drone. They weigh just 1.30 g, which reduces the load on the motors, increases responsiveness and can extend flight time. Made from durable polycarbonate, they are resistant to damage and perform well during dynamic flights. The propellers have a diameter of 45 mm and a 1.5 mm mounting hole, so they fit, among others, the Meteor75 Pro Brushless Whoop Frame and BETAFPV 1102 Brushless Motors. Available in various colours, they also allow you to customise the drone's appearance.

Full product description

BETAFPV GEMFAN 45MM Two-Blade - lightweight and effective propellers

The BETAFPV GEMFAN 45MM Two-Blade is a **lightweight and efficient propeller** that provides stability and smooth flight. Thanks to their precise design and well-chosen geometry, they increase control over the drone, making flying even more dynamic.

Gemfan 45mm 2-Blade&3-Blade Props

High Efficiency and Powerful for Freestyle and Racing

Lightweight design for greater efficiency

Each kit weighs **only 1.30g**, reducing the load on the motors and improving flight time. The low weight also influences the drone's faster response to maneuvers, which is crucial during dynamic FPV flights. The propellers are made of **durable polycarbonate (PC)**, which ensures they are resistant to damage.

Defiantly Powerful Builds for Larger 1S Whoop

Gemfan 45mm 3-Blade

Meteor75 Pro Frame

Gemfan 45mm 2-Blade

Compatibility and easy installation

The propellers have a **45mm diameter** and a **1.5mm mounting hole**, making them a perfect fit for **the Meteor75 Pro Brushless Whoop Frame** and **BETA FPV 1102 Brushless Motors**. They fit a wide range of FPV microdrones, making them easy to install on a variety of models. They are available in several color variations, allowing you to personalize the look of your drone.
