Price: **169.00 zł** gross / 137.40 zł net

Manufacturer: XIAOMI

Referention number: DNXGKLKSMRMNJO

Information:

Xiaomi Water Flosser 2 is a pulsating oral irrigator that effectively flushes food debris from between the teeth while also caring for gum comfort thanks to stable pressure. It offers 3 operating modes: gentle, standard and strong, and the set includes 2 tips: a standard one and an orthodontic one, ideal for cleaning around braces. The 200 ml tank allows convenient cleaning without frequent refilling, and the battery lasts for up to 90 days on a single charge. IPX7 water resistance makes the device easy to wash, and automatic shut-off after 2 minutes increases convenience and saves energy.

Full product description

Pulsating irrigation and stable pressure

Xiaomi Water Flosser 2 is an **oral irrigator** that cleans the spaces between teeth with a high-frequency water jet. The device combines effective flushing of food debris with pressure control, so you maintain precise cleaning without unnecessarily irritating the gums. It is a practical solution for everyday hygiene, including for people with orthodontic braces.

Key benefits

- **Water pulsation technology** - reaches the gaps between teeth and flushes out food residue after meals.
- **3 irrigation modes** - you can adjust the intensity for sensitive gums, everyday cleaning or stronger rinsing.
- **Two nozzles** - you can use the device comfortably for standard hygiene and with braces.
- **200 ml tank** - you can clean the entire mouth without frequent refilling.
- **Up to 90 days of battery life** - you reduce frequent charging, including when travelling.
- **IPX7** - safe washing of the entire housing under water makes it easier to keep clean.

Technologia pulsowania wody z wysoką częstotliwością

Dociera głęboko w szczeliny między zębami i płucze całą jamę ustną

Zbiornik na wodę o dużej pojemności 200 ml

Montaż i demontaż w jednym kroku

Skuteczność czyszczenia do 99,4%

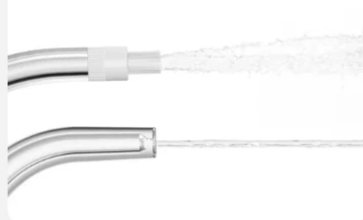

3 tryby irygacji

(Delikatny/Standardowy/Mocny)

Dwie końcówki

Spełnia różne wymagania w zakresie higieny jamy ustnej

Czas pracy baterii 90 dni

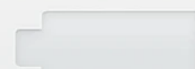

Three cleaning modes

Gentle, **standard** and **strong** modes give you full control over the operating intensity. This lets you choose a setting suited to the condition of your gums, the type of dirt and your own comfort. The gentle setting works well for more sensitive gums, while the stronger one is suitable for thorough cleaning after meals.

Delikatny

Standardowy

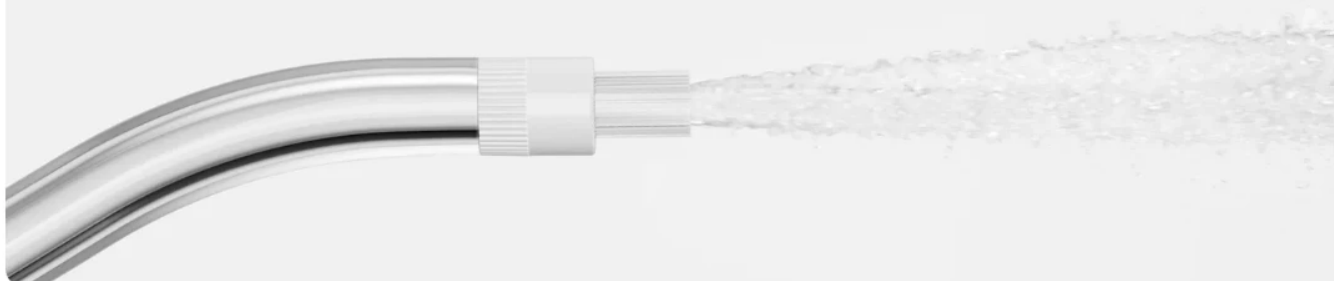

Mocny

Nozzles for different tasks

The set includes **2 nozzles**: a standard one and an orthodontic one. The standard nozzle is suitable for everyday hygiene, while the orthodontic nozzle makes it easier to clean around brackets and wires. This selection of accessories reduces the need for several separate devices.

Ortodontyczna końcówka x1

Standardowa końcówka x1

Large 200 ml tank

The **200 ml tank** is enough for thorough cleaning of the entire mouth in one use. Easy one-step removal and installation shortens cleaning time and simplifies washing after use. It is a convenient solution if you want the device ready quickly for the next use.

Stable battery performance

The device offers **up to 90 days of battery life** in gentle mode, so it works well at home and when travelling. **Fast charging in about 4 hours** shortens downtime. The pressure stabilisation system maintains an even stream even at a lower energy level, which translates into predictable cleaning.

Convenience and safety

The **improved hydrogravitational ball** draws water from multiple angles, so the stream remains smooth even when the water level is low. **IPX7** protects the entire housing from water, and **automatic shut-off after 2 minutes** limits unnecessary energy consumption. As a result, you use the device comfortably, without unnecessary interruptions and without complicated operation.

Specification

Parameter	Details
Product name	Xiaomi Water Flosser 2
Model	MEO705
Rated voltage	3.7 V
Operating power	12 W
Rated power input	5 V □ 1 A
Charging time	Approx. 4 hours
Water resistance	IPX7
Package contents	Irrigator x1, Quick start guide x1, Orthodontic nozzle x1, Standard nozzle x1, International user manual x1, Charging cable x1, User manual x1, Power adapter x1
