AC adapter included	Yes
Works with Amazon Alexa	Yes
Output current	1.5 A
Wi-Fi standards	802.11b
Placement	Wall
AC input frequency	50 Hz
AC input voltage	100 V
Light colour type	Multi
Product colour	White
Watch case material	Plastic
Type	Smart panel
Product weight	2200 g

Full product description

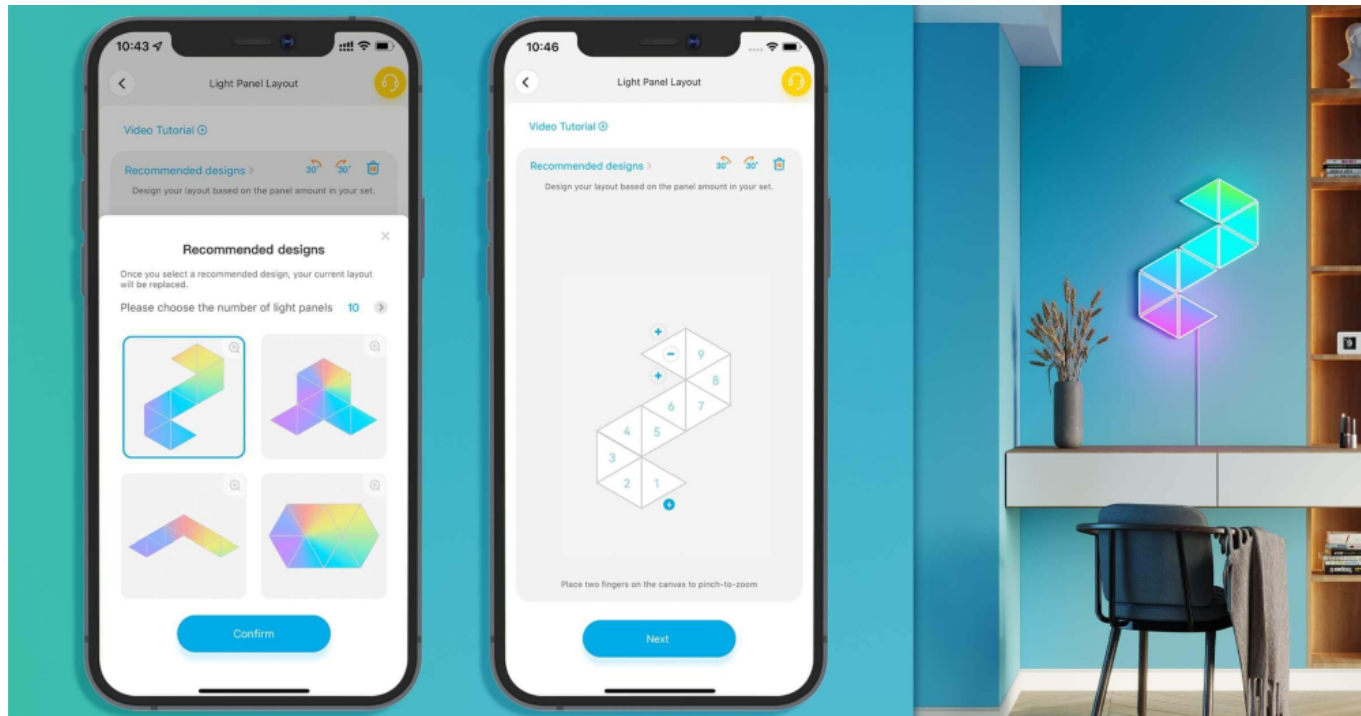

Govee H6067

Add sparkle to your home decor with these triangular light panels. Each panel creates effects that are pleasing to the eyes with **RGBIC technology, music modes, DIY mode and more.**

Quick personalization with the app

Personalize your panels to reflect your atmosphere with the configuration section in the **Govee Home App**.

Powerful RGBIC lighting

Thanks to **Govee**'s **RGBIC** technology, you can go through the entire space as usual by selecting multiple colors at once for visuals that are a feast for the eyes.

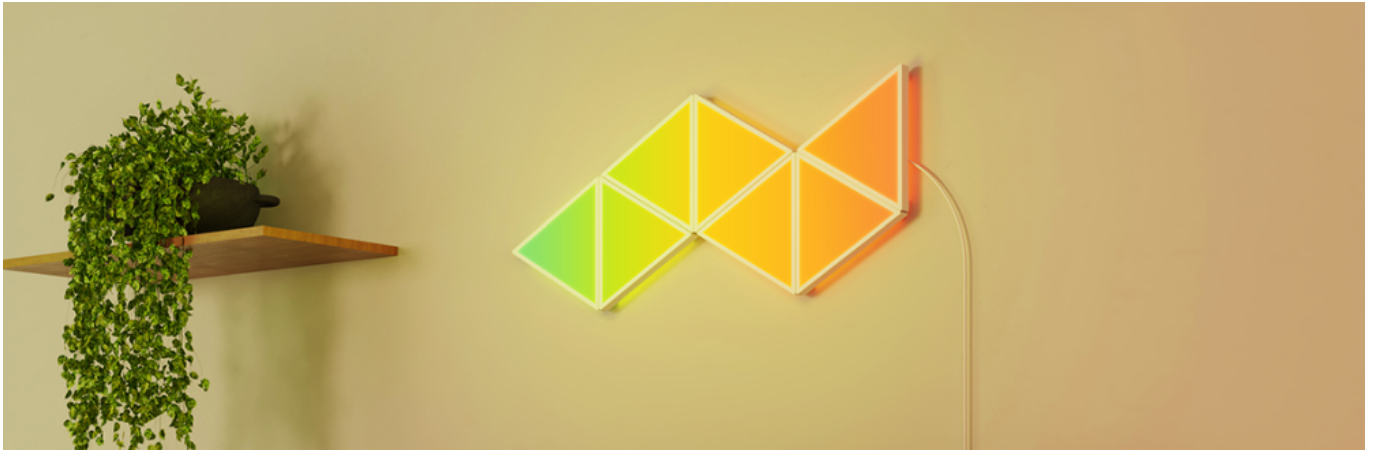

Lights that surround every corner

With its unique transparent casing, your panels will be illuminated on the wall, adding a one-of-a-kind glow to enhance your room or gaming setup. Brightness shines through every edge for ultra-smooth animated illumination.

Lights that know your schedule

In the **Govee Home App**, you can schedule your lighting whenever you want for more hands-free control. The **timer** function allows your panels to turn on at a preset time. Create a convenient routine with your lighting.

Wide range of scene modes

The **Govee Home** app has a variety of scene effects to choose from, including **Sunset Glow**, **Stacking**, **Flow** and **more**. The arrangement of your panels will be recognized to create a rainbow effect that flows seamlessly.

Govee DreamView

Govee DreamView lighting effects are a feast for the eyes, using the **Highlight** section of the **Govee Home App** to create the immersive gaming or movie world of your dreams.
