Bulb power	72 W
Light colour type	Multi
Product colour	White

Full product description

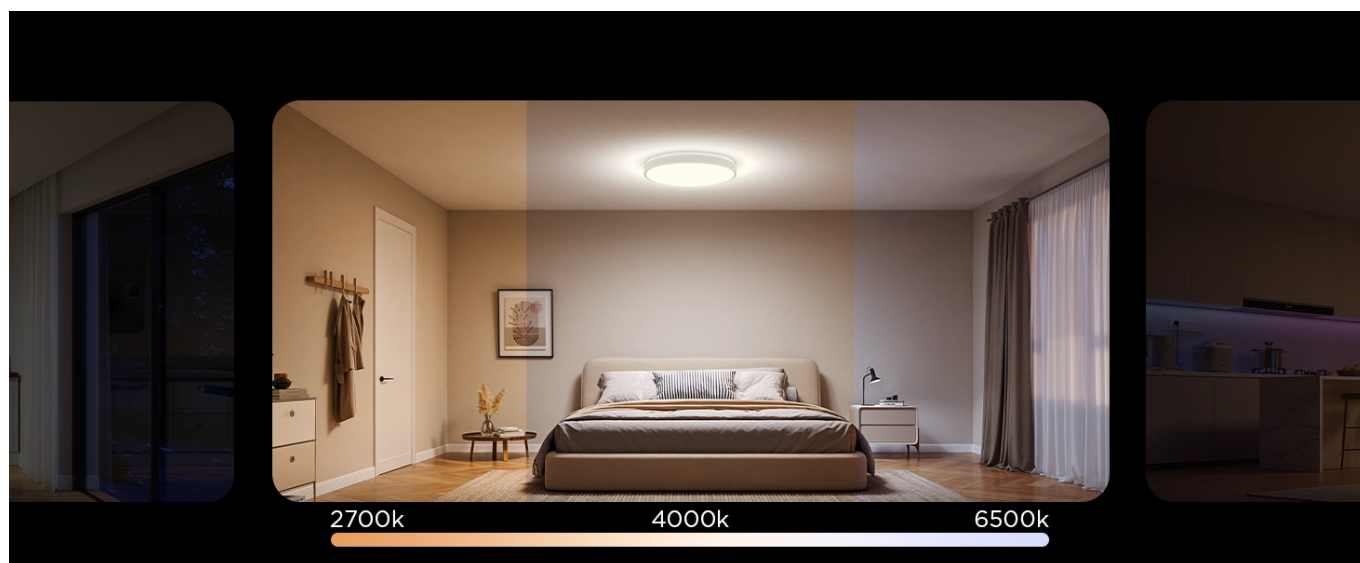

Govee H60A6 15-inch RGBWW RGBICWW smart ceiling light.

Govee H60A6 to inteligentna lampa sufitowa, która łączy nowoczesny design z zaawansowaną technologią. Dzięki funkcjom **RGBWW** i **RGBICWW**, możesz dostosować oświetlenie do każdego nastroju i okazji.

Advanced RGBWW RGBICWW technology

The Govee H60A6 lamp uses **RGBWW (Main)** and **RGBICWW (Back)**, offering a total of **121 independent light segments**. This makes it possible to create **dynamic lighting effects** with smoothly changing colors. RGBICWW technology allows for more natural white light, ideal for a variety of activities.

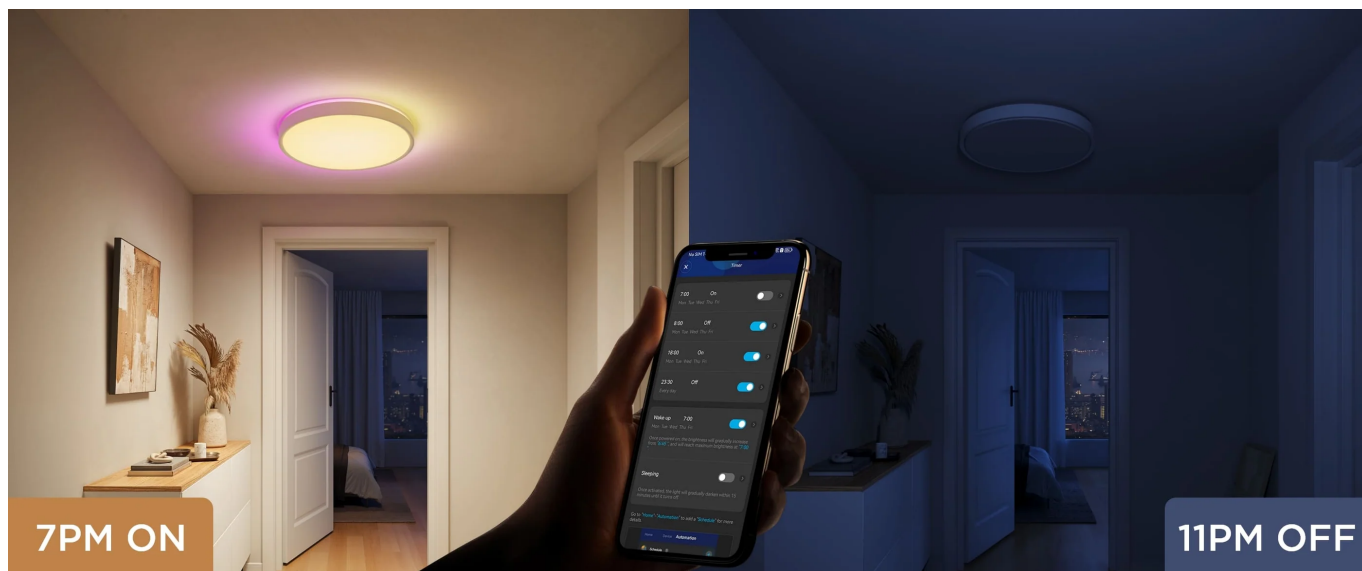

Smart control and integration with smart home systems

The lamp supports **Alexa**, **Google Assistant** and **Matter**, enabling voice control and **smart home** system integration. The **Govee Home** app allows you to fully personalize settings such as brightness, color temperature and lighting effects. With **Bluetooth** and **2.4GHz Wi-Fi**, you have full control of your lighting with ease.

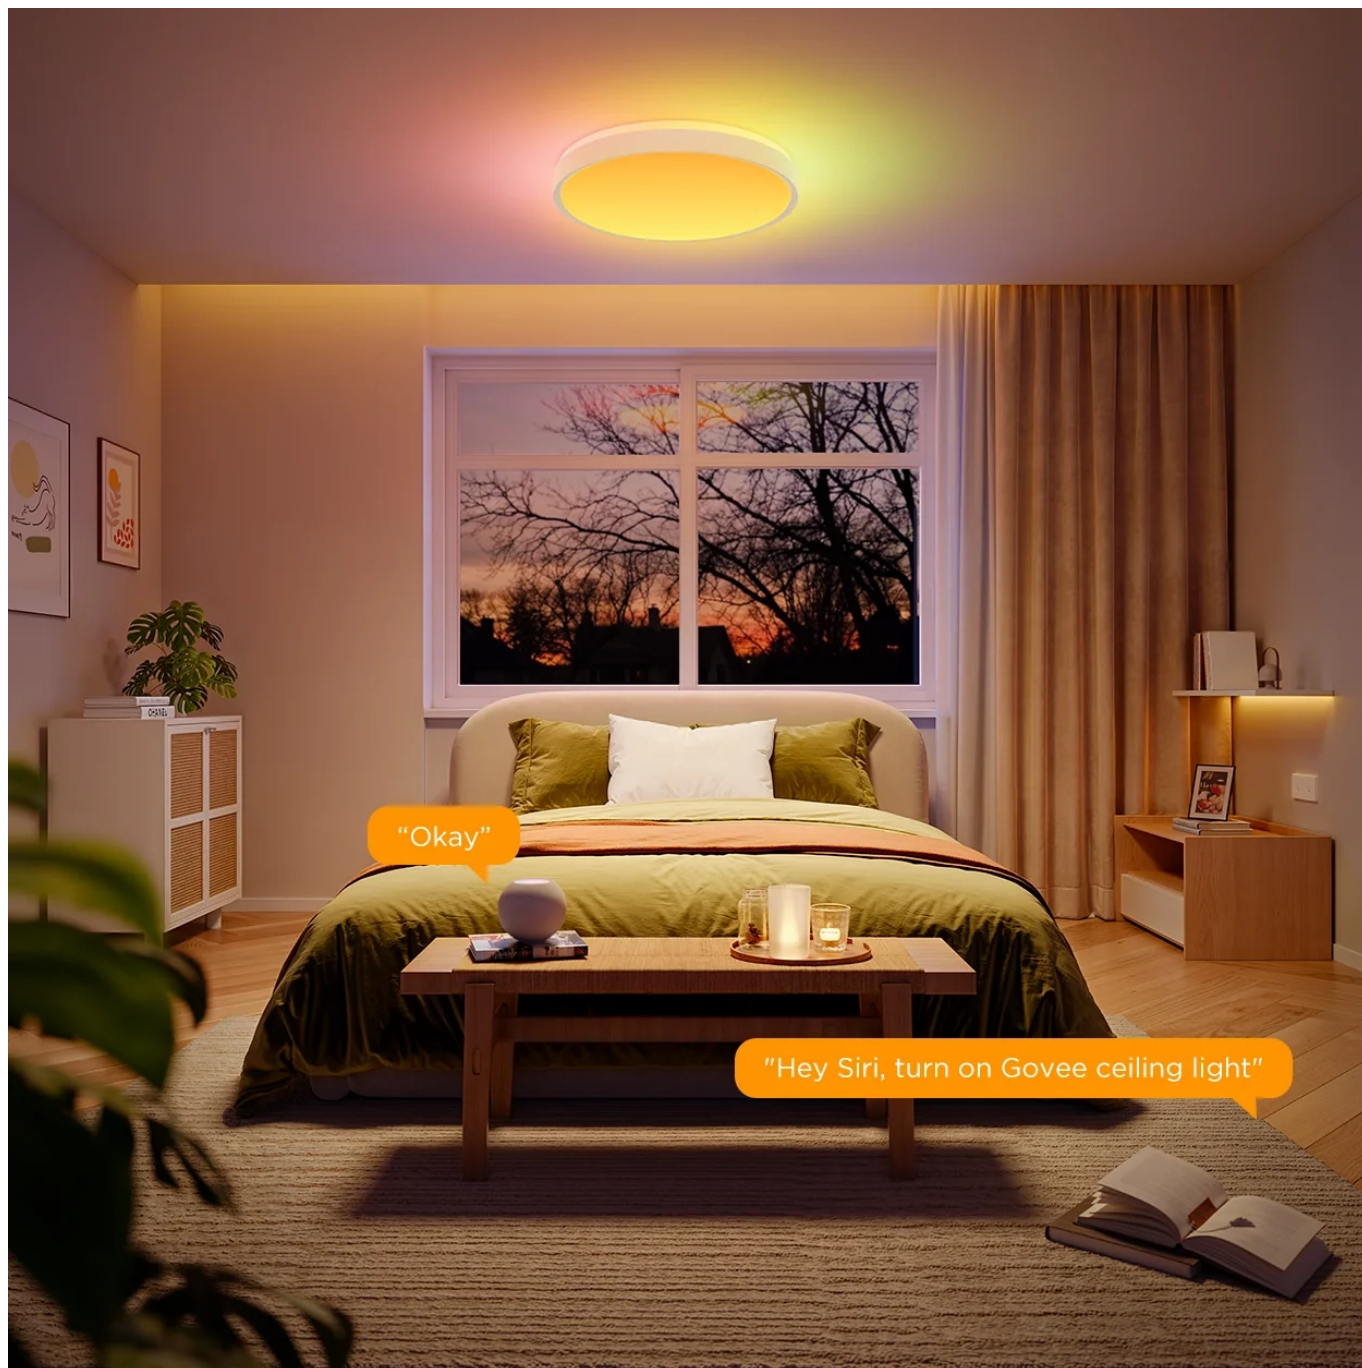

High brightness and energy efficiency

The Govee H60A6 offers a brightness of **4,300 lm**, which is **80% more than standard models**. As a result, the lamp will work well in spaces of up to **25 m²**, such as a living room or bedroom. The ability to adjust the color temperature in the range of **2700K-6500K** allows you to adjust the light to suit different needs.

A wide range of presets and music modes

The lamp offers **more than 66 lighting scenario presets**, which can be easily activated via the app. In addition, the music mode synchronizes the light to the rhythm of the music, creating a unique atmosphere during parties or relaxation. The **circadian lighting** function allows the lighting to automatically adjust to the natural cycle of the day.
