Price: **149.90 zł** gross / 121.87 zł net

Manufacturer: EXTRALINK

Referention number: DNXXGKMPSMRMNNP

Information:

The swivel chair combines comfort, functionality and a modern look, making it suitable for the home, a student's room and the office. The ventilated, breathable fabric improves air circulation, while the soft, ergonomically shaped seat and backrest provide comfort and back support during long periods of sitting. The armrests reduce strain on the arms, and the sturdy five-star base with a chrome finish guarantees stability. The anti-scratch coated castors make it easy to move and protect the floor. Maximum load is 110 kg.

Full product description

Convenience and functionality for everyday use

The chair has been designed with **comfort during everyday work, study or relaxation** in mind. The ventilated, breathable fabric ensures better air circulation, which increases comfort even during longer periods of sitting. The soft seat adapts pleasantly to the user, while the ergonomic armrests support the correct position of the arms and relieve the shoulders.

Ergonomic comfort while working

The appropriately contoured seat and backrest help maintain a comfortable sitting position, supporting the back and reducing feelings of fatigue during prolonged use. **The soft seat provides pleasant support every day**, and the breathable, ventilated fabric promotes free air circulation, increasing comfort even during many hours of work.

Solid construction and stable base

The chair is equipped with a **durable five-star base**, which provides stable support during everyday use. The chrome finish emphasises the chair's modern, elegant character and blends well with office space.

A practical addition is the **castors with an anti-scratch coating**, which allow the chair to move smoothly while helping to protect the floor from damage.

Versatile use

The swivel chair combines an elegant appearance, comfort and functionality, making it suitable for many spaces. Its simple yet modern form fits well in a home office, a student's room, as well as a professional office.

It is a practical choice for adults and younger users who value comfort while working, studying or using a desk every day.
