Biodance

Manufacturer: BIODANCE

Referention number: DNXXGKNPRHRMNJI

Information:

Biodance Bio-Collagen Real Deep Mask is a hydrogel collagen mask providing intensive hydration, smoothing and improved skin elasticity. It is suitable for dry, dehydrated, tired, mature and dull skin, as well as for visible pores and fine lines. It contains low-molecular collagen, oligo hyaluronic acid, niacinamide, Galactomyces and fermented ingredients that support firmness, comfort and a more radiant complexion. The hydrogel adheres well to the face and gradually becomes transparent, so the mask can be used both during the day and overnight. The set contains 1 mask 34 g.

Full product description

Intensive care

The Biodance Bio-Collagen Real Deep Mask hydrogel collagen mask is a product designed for the care of skin that needs hydration, smoothing and improved elasticity. The mask is suitable for dry, dehydrated, tired skin, with visible pores, fine lines and signs of loss of firmness.

Active ingredients

The mask formula has been soaked in an essence containing active ingredients such as low-molecular collagen, oligo hyaluronic acid, niacinamide, Galactomyces and fermented ingredients. Collagen supports skin elasticity, hyaluronic acid helps maintain the right level of hydration, and niacinamide contributes to a more even-looking complexion.

Smoothing effect

Regular use of the mask helps give the skin a smoother, more rested and radiant appearance. The product supports daily skincare for skin that needs refreshing, soothing and improved comfort. It is a good choice both for an evening routine and when the complexion requires more intensive regeneration.

Hydrogel formula

The hydrogel sheet adheres well to the face and gradually becomes more transparent during application. This is related to the essence being absorbed by the skin. Thanks to this formula, the mask can be used before an important outing, after an intense day or as one of the steps in a night-time skincare routine.

How to use

The product can be used in two ways. During the day, apply the mask after toner or serum and leave it on the skin for about 3-4 hours or until it becomes transparent. In the evening, it can be used as the final step of your skincare routine and left on overnight. After removing the mask, gently pat the remaining essence into the skin of the face, neck or décolletage.

Mask 1 x 34 g

Biodance Bio-Collagen Real Deep Mask is an option for those looking for skincare that combines hydrating, smoothing and firming effects. The product is well suited to the care of dry, mature, sensitive and dull skin. The set contains 1 hydrogel collagen face mask with a net weight of 34 g.
