Full product description

Govee H6840 Cone Tree Lights.

Stwórz wyjątkową atmosferę w swoim domu lub ogrodzie dzięki oświetleniu **Govee H6840 Cone Tree Lights**. Te inteligentne lampki w kształcie choinki przyciągną wzrok i ożywią każde wnętrze dzięki zastosowanej technologii **RGBIC**, która oferuje niezliczoną liczbę efektów świetlnych. Dzięki łatwej obsłudze i różnym opcjom sterowania, stworzysz niezapomnianą dekorację, idealną na święta, imprezy lub codzienne wykorzystanie.

Individual light control

With the help of **RGBIC** technology, you have full control over each light individually. This means you can create **unique lighting effects** to suit your preferences and circumstances. Ideal for **DIY projects**, where each bulb can be customized to fit your vision, from holiday decorations to everyday arrangements.

Ease of use and voice control

With the **Govee Home app**, **controller** and support for **Alexa** and **Google Assistant**, you can **control the lights with your voice or phone**. Changing the lighting effects, adjusting the brightness or turning the lights on/off is done without having to go to the device. Convenient controls make using the Govee Cone Tree Lights a pleasure.

Resistance to outdoor conditions

These lights are waterproof, **IP65** certified, which means they can be used outdoors, even in rain or snow. The power supply, on the other hand, has **IP44** protection, ensuring durability and safety during long-term outdoor use. With accessories such as **mounting pins** and a **water bag**, you can set them up stably without worrying about weather conditions.

Wide range of light presets

With **66 built-in lighting scenario presets**, it's easy to match the light to the occasion. Whether you're planning a **festive decoration** or simply want to create a **romantic ambience** during a gathering, it only takes one click to change the entire mood. From **holiday themes** to everyday lighting, Govee Cone Tree Lights offer flexibility and convenience.
