Full product description

Combination of functionality and style

Xiaomi Smart Band 8 Pro is a smart band that combines modern design with functionality. Equipped with a large 1.74-inch AMOLED display, it offers high image quality and smoothness thanks to a refresh rate of 60 Hz. With a brightness of up to 600 nits, it provides excellent readability even in bright light.

Design and Display

The Xiaomi Smart Band 8 Pro has a lightweight design weighing about 22.5 grams and a slim 9.99mm thick body. The display features a high resolution of 336 PPI and a palette of 16.7 million colors, which translates into clear and detailed images. A new quick-release mechanism with a metal frame adds elegance and facilitates personalization.

Monitoring Features

The Xiaomi Smart Band 8 Pro offers enhanced comprehensive health monitoring, including an accelerometer, gyroscope, optical heart rate sensor and pulse oximeter, as well as an ambient light sensor. It supports more than 150 sports modes and comes with built-in GNSS for accurate activity tracking.

Battery and Water Resistance

Xiaomi's wristband has a 289 mAh battery that provides up to 14 days of use on a single charge. It is also waterproof up to 5 ATM, which means it can be worn while swimming or other water activities.

Compatibility and Personalization

The Xiaomi Smart Band 8 Pro is compatible with Android 8.0 or iOS 12.0 or later. With the Mi Fitness app, users can customize on-screen layouts by choosing from hundreds of watch faces in a variety of styles

Large display with wide layout

The fully revamped interface, with updated weather, schedule and calendar features, is displayed in a wide layout, making it more accessible to users and allowing them to see more information at once.

Helpful widgets

The evolution of widget technology allows users to fully customize layouts across the Smart Band 8 Pro's four screens with the swipe of a dial. Combine convenient features such as exercise tracking, health monitoring, weather, schedules, payments and music to switch between them in seconds.
