Information:

Momcozy Flange Insert 19 mm is a replaceable, transparent insert for Momcozy S9 Pro and S12 Pro breast pumps, designed to adapt the flange to a smaller nipple diameter. It helps improve comfort during pumping by providing a better fit for the part that comes into contact with the breast. The accessory is easy to fit and replace, making daily use of the breast pump more convenient.

Full product description

Momcozy Flange Insert 19 mm - insert for S9 Pro and S12 Pro breast pumps

Momcozy Flange Insert 19 mm is a replaceable insert designed for compatible **Momcozy S9 Pro and S12 Pro** breast pumps. The component allows the breast pump flange size to be adapted to a smaller nipple diameter, supporting more comfortable use of the device during milk expression.

Adjusting the flange size to individual needs

The **19 mm** insert has been designed for users who need a smaller flange size in Momcozy S9 Pro and S12 Pro breast pumps. A proper fit of the part that comes into contact with the breast may help increase comfort during everyday use of the device.

Compatibility with Momcozy S9 Pro and S12 Pro breast pumps

The product is intended for use with the **Momcozy S9 Pro** and **Momcozy S12 Pro** models. The insert is an additional accessory for the breast pump, allowing its design to be adjusted to the preferred flange size.

A practical item for everyday use

Momcozy Flange Insert 19 mm is a small component that can be easily fitted into a compatible breast pump flange. Its transparent design makes it easy to check the correct positioning of the insert when preparing the device for use.

Easy installation and replacement

The insert has been designed as a replaceable accessory for Momcozy breast pumps. It is installed by placing the component in the compatible flange, allowing the user to quickly prepare the device for the next use.

Transparent design and hygienic use

The insert is made of a transparent material, which makes it easy to check its position during installation. Regular cleaning of components that come into contact with milk helps maintain proper hygiene when using the breast pump.

Key features of Momcozy Flange Insert 19 mm

Momcozy Flange Insert 19 mm is an accessory created for users of S9 Pro and S12 Pro breast pumps who need a 19 mm insert. The component helps adapt the part of the breast pump that comes into contact with the breast and supports comfort during everyday milk expression.
