Information:

Momcozy Flange Inserts 19 mm are a set of 4 flange inserts designed for Momcozy S9 Pro and S12 Pro breast pumps. They allow a better fit of the flange size to individual needs, which increases comfort during milk expression. Thanks to their compact design, they are easy to fit, remove, store and clean. This is a practical accessory for mothers who need a smaller flange size than standard.

Full product description

Momcozy Flange Inserts for S9 Pro/S12 Pro 19 mm - breast pump flange inserts

Momcozy Flange Inserts 19 mm are a set of inserts designed for use with the **Momcozy S9 Pro and S12 Pro** breast pumps. The accessories help adjust the flange size to the user's individual needs, making the device more comfortable to use while expressing milk.

Better flange size fit

The **19 mm** inserts were created for users who need a smaller flange size than the one standardly included with the breast pump set. Proper fitting of the part that comes into contact with the breast helps increase comfort during everyday use of the breast pump.

Compatibility with Momcozy breast pumps

The product is intended for the **Momcozy S9 Pro** and **Momcozy S12 Pro** models. Thanks to their tailored design, the inserts can be used as an additional accessory supporting daily milk expression.

A convenient solution for breastfeeding mothers

Momcozy Flange Inserts allow the breast pump component to be adjusted to individual needs, making the device more comfortable to use during regular milk expression. The small size of the inserts makes them easy to store and replace.

Easy assembly and cleaning

The inserts have been designed as additional elements fitted into the breast pump flange. Their construction allows for easy fitting, removal and cleaning in accordance with the breast pump manufacturer's recommendations.

Set of 4 inserts, 19 mm

The package contains **4 Momcozy Flange Inserts in 19 mm size**. The set is a practical addition for users of compatible Momcozy S9 Pro and S12 Pro breast pumps.
