Information:

The shaver with a dual head and titanium-coated foil provides fast, precise beard shaving for daily grooming, while helping to reduce skin irritation. IPX7 waterproofing enables convenient use and easier cleaning, and the 900 mAh battery offers up to 2 hours of operation after around 1.5 hours of charging. The LED display makes it easy to check the power level, and the magnetic cover protects the head. The compact design makes the device ideal for home use and travel. The set includes a USB-C cable, a mini brush and a manual.

Full product description

Efficient beard shaving

The dual titanium-coated foil head enables efficient beard removal during daily grooming. Two foils and the cutting element positioned between them help collect hairs evenly as the shaver is moved across the face and neck.
