Information:

Bloomlight Lip Mask is a light gel lip mask that softly wraps the lips in a comfortable layer and spreads easily. It helps smooth the lips, giving them a soft, well-groomed look and a subtle, luminous sheen. It can be used on its own for a natural effect or as a base before lip make-up. The striking packaging and sculptural form look beautiful on a dressing table, and the delicate milky coconut scent makes daily care more pleasant.

Full product description

Gel lip mask

Bloomlight Lip Mask gently envelops the lips in a light and comfortable layer. Its sculptural shape and eye-catching packaging make the product look lovely on a dressing table and convenient for everyday use.

Light gel formula

The gel texture spreads easily over the lips and stays on them well. It leaves a comfortable finish without an unpleasant feeling of heaviness.

Smooth and soft lips

The formula helps smooth the lips and give them a soft, well-cared-for appearance. It works well as part of daily care or as a cosmetic used before applying lip make-up.

Radiant sheen

The mask covers the lips with a delicate, luminous layer that visually enhances their shape. It can be worn on its own when you want a subtle glow and a natural effect.

Milky coconut scent

The delicate scent of milky coconut makes every application more enjoyable and turns lip care into a short, sensual ritual. The pleasant texture encourages regular use.

Bloomlight full of radiance

Bloomlight evokes fresh, light make-up full of subtle luminosity. The mask complements this effect, giving the lips softness, smoothness and a delicate sheen reminiscent of a sheet of light.
