Full product description

Glossy lip shine

LOVRO Bloomlight Lipgloss 01 Pure Shine is a lip gloss that envelops the lips in a transparent layer of intense shine. It enhances their natural colour and makes them look smoother, more defined and visually fuller.

Cooling effect

The refreshing formula leaves a pleasant cooling sensation on the lips. This effect helps to visually enhance their volume, and the transparent finish suits various types of make-up.

Transparent layer

The 01 Pure Shine shade leaves a crystal-clear sheen with no distinct colour. You can use it on its own to emphasise the natural look of the lips, or combine it with a lip liner or lipstick.

Comfort without stickiness

The enveloping formula spreads evenly across the lips and ensures comfort while wearing. It leaves a smooth, luminous finish without the unpleasant feeling of excessive stickiness.

Jewellery-inspired packaging

The slim packaging with a decorative finish highlights the character of the Bloomlight collection. The lip gloss fits easily into a make-up bag or handbag, so you can keep it with you for everyday touch-ups.

How to apply

Apply the lip gloss directly to the lips using the applicator. Use it on its own for a transparent, glossy shine or apply it over a lip liner or lipstick to give your make-up a luminous finish.
