Information:

LOVRO Moderate Eyeshadow Palette is a 9-shade palette in a harmonious range of beiges, peaches, rose browns and darker tones, allowing you to create both a delicate daytime look and a more defined smoky look. It combines matte and shimmering finishes, making it easy to brighten the eyes, build transitions and emphasise the lash line and outer corner of the eye. The shadows have a smooth formula, blend well and allow you to build intensity and layer with ease. The palette weighs 8 g and is suitable for everyday make-up as well as more polished looks.

Full product description

Nine shades in one palette

LOVRO Moderate Eyeshadow Palette is a palette of nine eyeshadows in a harmonious colour range. Beiges, peaches, rosy browns and darker tones create a cohesive set that allows you to create both subtle make-up and a more defined eye look. The product weighs 8 g.

Matte and shimmering tones

The palette combines soft mattes with eye-catching shimmers, allowing you to vary the finish of your make-up. Light shades help brighten the eyes, mid-tones make it possible to build transitions, while smoky colours and satin black work well for defining the lash line and the outer corner of the eye.

Make-up for different occasions

The choice of shades allows a smooth transition from a light daytime look to a stronger evening effect. The colours can be used individually or combined with one another, creating looks tailored to the occasion and your own style. The palette gives you the freedom to create a delicate, radiant look or a more smoky make-up style.

Control over intensity

The eyeshadow formulas have been developed with colour layering in mind, allowing you to control the intensity of your make-up. The shadow can be applied lightly and then built up with additional layers in selected areas. This solution helps refine the transitions between shades and achieve an effect that matches individual preferences.

Convenient eyeshadow application

The eyeshadows spread smoothly across the eyelid, making them easy to apply, layer and blend. The thoughtfully selected colour range means you can quickly create a cohesive look without having to reach for several separate palettes. The set is ideal for everyday eye make-up as well as more elaborate looks.

Cohesive colour range

LOVRO Moderate combines light, medium and deep shades needed to build a multidimensional eye look. The colour names include Sunset Blossom, Blonde Latte, Winter Sun, Creamy Peony, Pink Nougat, Blushing Chocolate, Quartz Gleam, Dusty Stone and Sexy Smoky. Altogether, it creates a versatile palette that helps match the colour scheme and finish to the intended effect.
