Price: **19.90 zł** gross / 16.18 zł net

Manufacturer: LOVRO

Referention number: DNXGKQHKMRMMOJ

Information:

Lovro Shimmer Eyeliner 01 Chocolate is a liquid eyeliner in a warm, chocolate shade with a subtle shimmer that beautifully enhances the eyes and offers a gentler alternative to black. Light-reflecting particles give the line an elegant, luminous finish, while the thin brush makes precise application and control of intensity easier. The product allows you to create either a delicate, shimmering line or a more defined make-up accent. Net weight: 0,6 g.

Full product description

Jewelled eye glow

Lovro Shimmer Eyeliner 01 Chocolate is a liquid eyeliner that combines a chocolate shade with a subtle shimmer. Light-reflecting particles emphasise the eyes and give the line a luminous finish.

Shade 01 Chocolate

Chocolate brown is a gentler alternative to classic black. The shimmering formula can subtly complete eye make-up or create a more noticeable, luminous accent.

Thin brush

The slim brush helps control the way the line is drawn along the lash line. It allows you to create both a delicate, sparkling line and a more defined make-up element.

Controlled application

The liquid consistency makes it easy to apply the product and build up the intensity of the line. The eyeliner lets you tailor the effect to the style of your make-up and the chosen way of highlighting the eyes.

Luminous finish

The particles gently reflect light, giving the chocolate line an elegant glow. The eyeliner can be the main feature of your make-up or complement eyeshadow on the eyelid.

A detail with character

Lovro Shimmer Eyeliner 01 Chocolate lets you enrich your make-up with a warm, chocolate accent and a sparkling finish. The product weighs 0.6 g and is designed for drawing lines on the eyelids.
