Full product description

The sweet side of shine

Lovro Sugar Teddy is a lip gloss with shimmer particles that combines a striking shine with an adorable look. Champagne-gold reflections beautifully catch the light, accentuating the lips and giving your make-up a more radiant finish.

Champagne-gold shine

The formula has been enriched with particles in a champagne-gold shade. Once applied, they create a luminous finish that works both as a standalone lip make-up product and as a sparkling accent to complement your chosen look.

Comfort without stickiness

The rich, comfortable texture coats the lips with a layer of shine without any unpleasant sticky feeling. This makes the gloss comfortable to wear throughout the day and perfect to reach for whenever your make-up needs an extra dose of glow.

Convenient application

The included applicator makes it easy to spread the gloss across the lips. It allows you to dispense the product conveniently and evenly coat the lips with a formula filled with light-reflecting particles.

A cosmetic always at hand

Sugar Teddy comes in a teddy bear-shaped keyring package. This design lets you carry the product with you and makes the gloss a charming accessory for your keys, backpack or handbag.

A little treat for the lips

The pleasant scent and taste complete the sweet character of Lovro Sugar Teddy gloss. It is a cosmetic created for those who like a shimmering finish, a comfortable texture and original packaging. Zero calories, one hundred per cent sweetness – Hug your glow.
