Type	Smart table lamp

Full product description

Govee H8630 Pixel Light

Govee H8630 Pixel Light to produkt, który zrewolucjonizuje sposób, w jaki oświetlasz swoje otoczenie. Dzięki zaawansowanej technologii **LED RGBIC**, umożliwia wyświetlanie dynamicznych, żywych efektów świetlnych, które idealnie współgrają z Twoim stylem życia i pasjami. Niezależnie od tego, czy używasz go w swojej przestrzeni gamingowej, czy do dekoracji wnętrza, ta **inteligentna lampka** zapewni Ci zupełnie nowe możliwości.

Exceptional display quality

The Govee H8630 provides a **crystal-clear display** thanks to LED technology, which guarantees even backlighting and high image quality. **With 1024 LEDs**, the image is clear and full of detail, allowing you to create unique lighting effects. This will make any scene, animation or image look incredibly realistic.

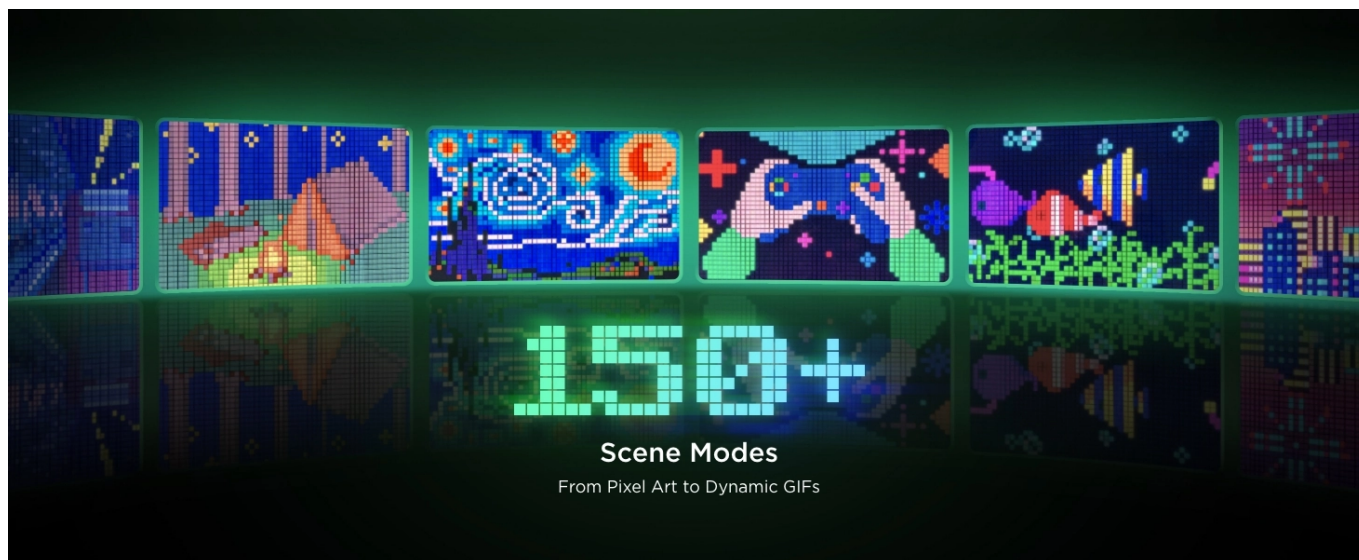

Dynamic animations and personalization

Enjoy the ability to create **dynamic animations** in 30fps quality. The Govee H8630 offers **full freedom** to create your own lighting effects and display them on the panel. Using the Govee Home app, you can **upload your images** or use the available 50 GIF presets, giving you great customization possibilities.

Interactive features

The lamp offers **interactive features**, such as **displaying real-time data** - weather forecasts, NBA scores, Bitcoin rates or even a countdown to important events. This makes the Govee H8630 more than just an **LED lamp**, acting as an assistant for daily tasks. It can be a great solution for the office or home space.

Music mode and retro speaker

With **10 built-in music modes**, the Govee H8630 synchronizes with music to create a spectacular visual and audio combination. It also comes with a **retro 8-bit speaker** that plays classic music and can act as a reminder for various events. The perfect combination of entertainment and functionality!
