Full product description

Govee B5192 - Full Control Over Cooking

Jeśli chcesz zadbać o perfekcyjne przygotowanie mięsa, **Govee B5192 Smart Wireless Meat Thermometer** to produkt, który może Ci to ułatwić. Dzięki aplikacji Govee Home, masz pełną kontrolę nad temperaturą mięsa, a wszystko to z poziomu telefonu. Ciesz się precyzyjnymi wynikami pomiarów, bez konieczności ciągłego nadzorowania procesu gotowania.

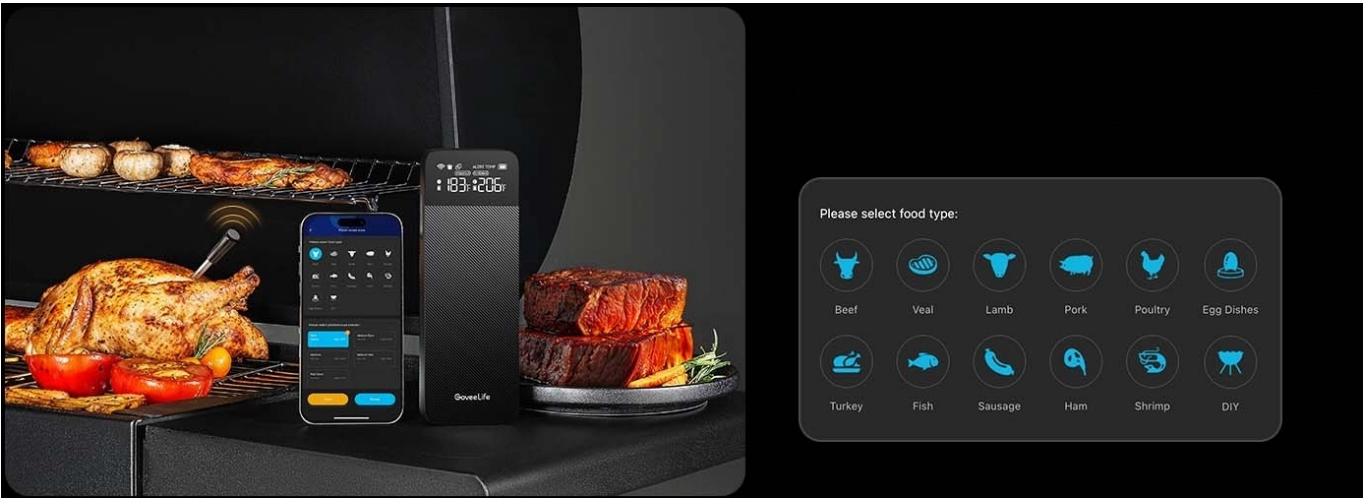

Easy Operation With App

With the Govee Home app, you can **monitor the temperature** of your meat without leaving the kitchen. The app allows you to set **an alarm** to notify you when the set temperature is reached. **Bluetooth and Wi-Fi** provide a fast connection, allowing you to conveniently control the cooking process from anywhere.

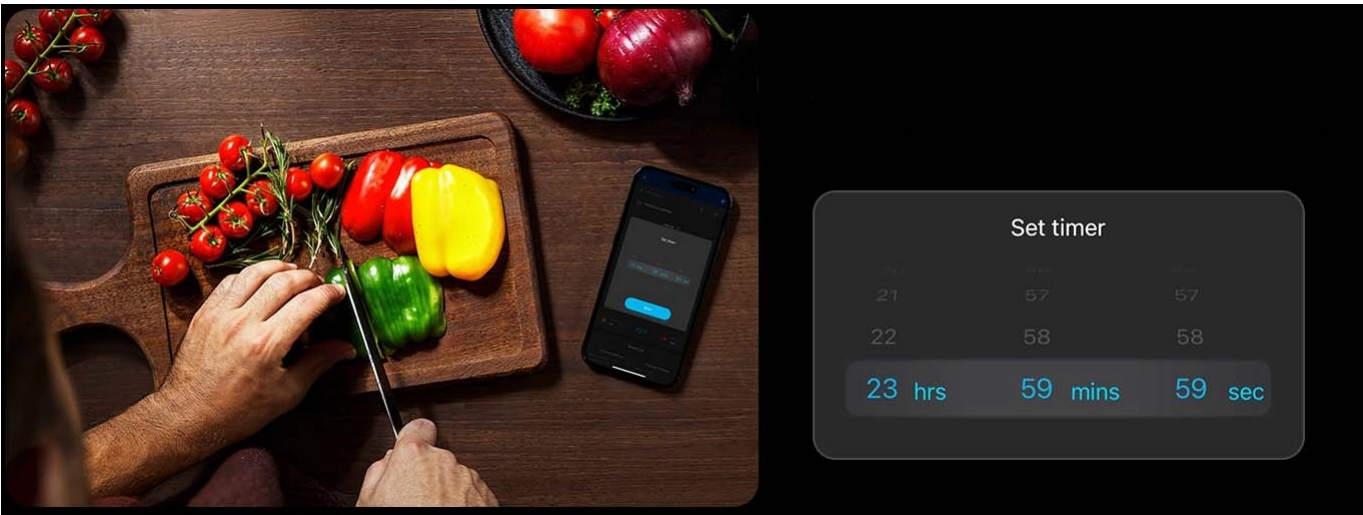

Measurement Accuracy

The thermometer is equipped with **a waterproof probe** that allows you to accurately measure the internal and external temperature of meat. Thanks to its high accuracy ($\pm 1.0^{\circ}\text{C}$), you can be sure that the meat is ready exactly the way you want it. The temperature **measurement** takes place every 3 seconds, making the information about the condition of the meat always up-to-date.

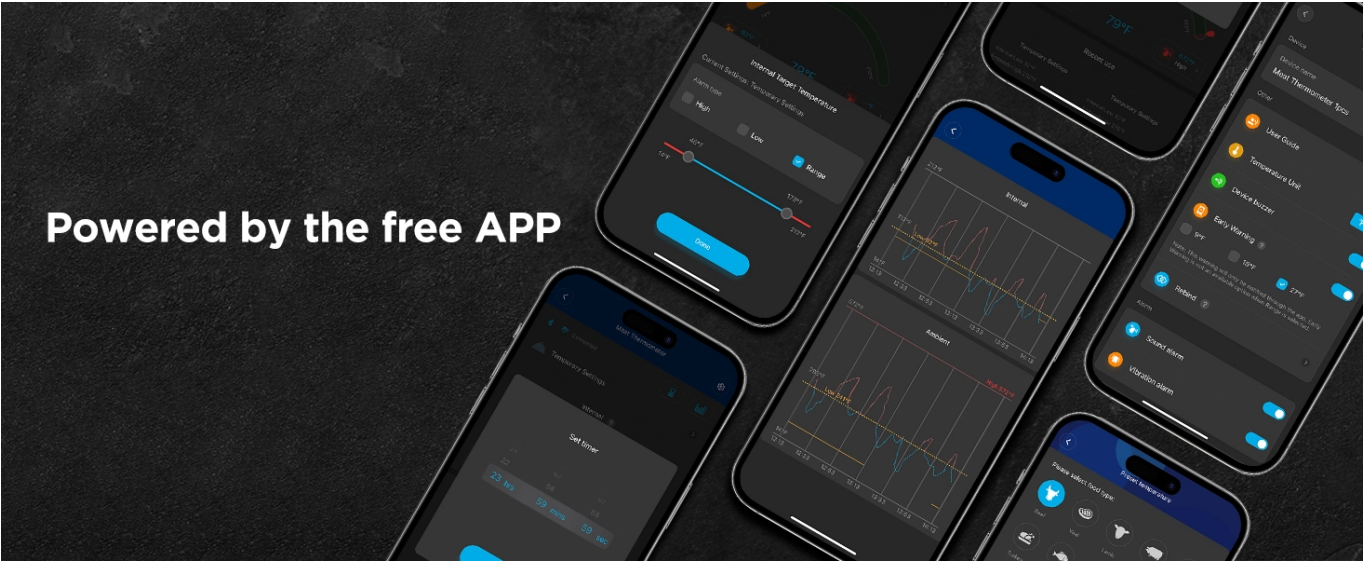

Wide Functionality

The unit supports a number of features, including **programmable temperature settings** that correspond to different types of meat (e.g. beef, poultry, lamb). In addition, **a built-in speaker** provides notifications when the optimal temperature is reached. **A magnetic base** allows the thermometer to be easily placed on a grill, smoker or oven.

Long Working Time

The thermometer features **a long-life battery** that allows as much as **48 hours of** use after charging for 25 minutes at a time. This is a convenient solution that allows you to work for a long time without the need for constant charging. Thanks to fast charging via **Type-C** cable, the device is always ready to use.
