Information:

Poppy Head Jamorous Lip Mask 01 Poptail is a nourishing lip mask combining care with a juicy apricot colour and radiant glow. Its melting, pudding-jelly formula ensures comfortable application without stickiness, moisturises, regenerates and smooths the lips. Sodium hyaluronate, ceramides, centella asiatica and provitamin B5 help protect against dryness, while shea butter and grape seed oil nourish and soften dry skin flakes. Ideal for day and night, with a convenient spatula for hygienic application.

Full product description

Poppy Head Jamorous

Poppy Head Jamorous Lip Mask 01 Poptail is a rich lip mask that combines care with juicy colour and shine. The formula melts on contact with the skin, enveloping the lips in a comfortable layer and enhancing their well-groomed appearance.

Hydration and regeneration

Sodium hyaluronate helps maintain hydration, while ceramides support regeneration and protect the lips from dryness. Centella asiatica extract and a vitamin B5 derivative soothe the skin and help restore its softness.

Nourishment and smoothing

Shea butter and grape seed oil nourish the lips and help smooth dry skin flakes. The caring formula makes the lips look softer, smoother and well cared for.

Shade 01 Poptail

Poptail stands out with a sweet apricot shade that gives the lips a juicy colour and a radiant finish. The appetising scent makes application more pleasant, while the shine visually enhances the fuller look of the lips.

Jelly texture

The pudding-like jelly texture spreads smoothly on the lips and does not leave an unpleasant sticky feel. The product can be applied in a thin layer for a subtle colour or built up for a more juicy shine.

For day and night

The built-in, removable spatula allows for convenient and hygienic application of the mask. During the day, apply a thin layer for hydration, colour and shine. At night, apply a thicker layer as a nourishing compress.
