Information:

Poppy Head Juicy Pen Drip Lip Oil 01 Sweet Splash is a caring lip oil that combines a semi-transparent, pastel apricot colour with an intense ultra-wet shine effect. It gives the lips a juicy, wet gloss, visually smooths them and enhances their natural look. The lightweight, non-sticky formula with caring oils and hyaluronic acid ensures comfortable wear without running. The metal applicator pleasantly cools the lips and makes even application easy. The delicate citrus scent makes use more enjoyable. Ideal on its own or as a glossy finish over lipstick or lip liner.

Full product description

Juicy Lip Glow

Poppy Head Juicy Pen Drip Lip Oil 01 Sweet Splash is a lip oil combining a semi-transparent colour with an intense, wet shine. The enveloping formula smooths the lips, is non-sticky and does not run, leaving a comfortable finish.

Sweet Splash Shade

The pastel apricot shade creates a delicate veil of colour on the lips and enhances their natural look. A juicy citrus scent makes every application more enjoyable.

Ultra-wet shine effect

The semi-transparent formula gives the lips a wet-look finish and visually enhances their smoothness. The oil can be used on its own or layered over your favourite lipstick or lip liner.

Metal applicator

The metal tip pleasantly cools the lips and glides smoothly over their surface. It allows an even application of the right amount of oil in one stroke.

Nourishing formula

Nourishing oils and hyaluronic acid envelop the lips and help maintain their smooth appearance. The lightweight texture ensures comfortable wear without a sticky or heavy feel.

How to apply

Twist out a small amount of product directly before use. Apply the oil to the lips using the metal applicator. Use on its own or top up during the day to refresh the colour and shine.
