Manufacturer: POPPY HEAD

Referention number: DNXGKQHNFRMMKK

Information:

Poppy Head Juicy Pen Drip Lip Oil 02 Berry Me is a lip oil in a semi-transparent, "my lips but better" shade that subtly enhances the natural colour of the lips and gives them an intense, wet shine. The lightweight, non-sticky formula smooths the lips, does not run and ensures comfortable wear throughout the day. Nourishing oils and hyaluronic acid help maintain softness and a smooth appearance, while the grape scent adds a juicy character. The metal applicator pleasantly cools the lips and makes even application easier. It can be used on its own or over lipstick and lip liner.

Full product description

Juicy lip glow

Poppy Head Juicy Pen Drip Lip Oil 02 Berry Me is a lip oil combining semi-transparent colour with an intense, wet shine. The enveloping formula smooths the lips, does not feel sticky and does not run, ensuring comfortable wear.

Berry Me shade

The “my lips but better” shade leaves a subtle veil of colour on the lips, enhancing their natural look. The grape scent completes the juicy character of the oil.

Ultra-wet shine effect

The semi-transparent formula gives the lips an intense shine reminiscent of a wet surface and visually emphasises their smoothness. The oil can be used on its own or applied over lip liner or lipstick.

Metal applicator

The metal tip pleasantly cools the lips and glides smoothly over their surface. It allows convenient and even application of the right amount of oil.

Nourishing formula

Nourishing oils and hyaluronic acid envelop the lips and help maintain their smooth appearance. The lightweight texture offers comfort without a sticky or heavy feel.

How to apply

Twist out a small amount of product immediately before use. Apply the oil to the lips with the metal applicator. Use on its own or top up during the day to refresh the colour and shine.
