Information:

Poppy Head Juicy Pen Drip Lip Oil 03 Cherry Coke is a lip oil with a semi-transparent ripe cherry shade and an intense, wet ultra-wet shine. It smooths the lips, is non-sticky and does not run, ensuring comfortable wear throughout the day. The caring formula with oils and hyaluronic acid helps maintain a soft, smooth look of the lips, while the light cola scent adds a juicy character. The metal applicator pleasantly cools and makes precise application easier. It can be worn on its own or over lip liner and lipstick.

Full product description

Juicy lip glow

Poppy Head Juicy Pen Drip Lip Oil 03 Cherry Coke is a lip oil that combines a semi-transparent colour with an intense, wet shine. The enveloping formula smooths the lips, does not feel sticky and does not run, ensuring comfortable wear.

Cherry Coke shade

The shade of ripe cherry leaves a semi-transparent veil of colour on the lips, enhancing their natural look. The cola scent completes the juicy character of the oil.

Ultra-wet shine effect

The formula gives the lips an intense shine reminiscent of a wet surface and visually enhances their smoothness. The oil can be used on its own or applied over lip liner or lipstick.

Metal applicator

The metal tip pleasantly cools the lips and glides smoothly over their surface. It allows convenient and even application of the right amount of oil.

Nourishing formula

Nourishing oils and hyaluronic acid envelop the lips and help maintain their smoothed appearance. The lightweight texture offers comfort without a sticky or heavy feel.

How to apply

Twist out a small amount of product immediately before use. Apply the oil to the lips with the metal applicator. Use on its own or top up during the day to refresh the colour and shine.
