Full product description

Vinyl shine

Vinyl shine. All-day time.

Glossfixion is a liquid lipstick that combines intense shine with long-lasting colour. It creates a vinyl-like finish on the lips, clearly enhancing their shape.

Long-lasting colour

The formula combines a glossy finish with the durability characteristic of matte lipsticks. The colour remains vivid, while the lips retain an intense shine effect.

Lightweight formula

The lipstick has a light and comfortable texture that does not weigh down the lips. It is non-sticky, so you can enjoy bold make-up without the unpleasant feeling of tackiness.

Effect without compromise

Glossfixion is more than a classic lip gloss. It combines strong shine and rich colour, helping you achieve striking lip make-up without giving up on comfort.

Three shades

The collection includes three colours: 01 Nudit - a neutral beige with a hint of pink, 02 Rosit - a cool, muted pink, and 03 Kissit - a neutral pink with a touch of brown that enhances the natural redness of the lips.

How to use

Before application, shake the packaging thoroughly. Apply a thin, even layer of lipstick to the lips, then wait until it has fully set. During this time, do not press or rub your lips together.
